

HUNDREDS ARE KILLED IN EXPLOSION

THOUSANDS INJURED AND CITY VIRTUALLY DESTROYED BY BLAST

Four Hundred Carloads of Ammunition and High Explosives Stored Near Railroad Station Explode at Monastir, Southern Siberia—Half of City's Population Homeless

(By The Associated Press)
BELGRADE, April 20.—Four hundred carloads of ammunition and high explosives stored near the railroad station at Monastir, southern Siberia, exploded Tuesday at noon, killing several hundred persons, wounding thousands, virtually destroying the heart of the city. One-half of the city's population was made homeless.

The victims were mostly children and soldiers. A church in which the children were worshipping collapsed under the detonation, while the barracks in which 1,800 soldiers were having lunch, was destroyed.

Immediately fire broke out in the city and the inhabitants fled to the nearby woods and mountains from which they watched their homes burn. All telegraphic and telephonic communication with the outside world was cut off.

BUSINESS REVIVAL CANNOT COME THRU PROTECTIVE TARIFF

McCumber Says Cost of Production Must Be Made

(By The Associated Press)
WASHINGTON, April 20.—Launching the administration tariff bill today in the senate, Chairman McCumber of the finance committee warned manufacturers, factory laborer and retailer alike that a protective tariff alone would not bring a revival of business; there must be a reduction of costs to within the reach of the consumers' pocketbook before there could be a return to "old time prosperity."

Senator McCumber said the way to reduce costs was for the manufacturer and the retailer to be satisfied with "most meagre" profits for a while and for the factory employes to increase their efficiency to the highest possible degree.

In review of the present high cost of living, he added it would be "most unjust" for the manufacturer to begin his economy by cutting wages.

"I think I am clearly within the actual facts when I say that two thirds of the American people, the breadwinners in the United States are not receiving an income any greater than their pre-war income," the chairman declared.

"The net earnings of the agricultural class are on the whole below the pre-war income. When we deduct the rents, or in lieu of rents, the added taxes and costs of upkeep of the homes of another one third of our population who are also breadwinners—it will be found that their net income also is below the pre-war income."

Must Bring Cost Down.
"When I say that these people cannot spend any more than they earn I think I have sufficiently foreshadowed the necessity on the part of the manufacturers of bringing down production cost of their commodities to within the purchasing reach of this vast army of farmers and wage earners."

There was a dispute between Republicans and Democrats as to procedure with a result that reading the 44 page bill was ordered for the remainder of the day and it was announced that when the senate convened tomorrow it would proceed to the consideration of the 2,000 odd committee amendments. Objecting to immediate consideration of committee amendments Senator Simmons declared the minority had not had sufficient time to prepare themselves. He said the Democrats had been working diligently.

Senator Jones, Democrat, New Mexico, asked whether the majority proposed to take up the question of adopting American or foreign valuation. Senator McCumber said the majority was committed to foreign valuation and added that he did not believe the question would be raised in the senate, although forming the subject of a difference with the house later. Senator Simmons declared the senate should go on record on the question.

DAIL EIREANN IS TOLD TO ACT OR GET OUT OF WAY

Labor Party Wants Action or Confession of Impotence

(By The Associated Press)
DUBLIN, April 20.—A manifesto issued this evening by the Labor Party and the trades union congress calls for a one day strike and demands that the Dail Eireann assert its authority reunite the army under a single command and accept the responsibility of government or confess its impotence and make way for the people to decide the issue.

The manifesto says the lord mayor and the archbishops of Dublin have been requested to invite the representatives of the executive council of the dissident section of the army (that headed by Roderick O'Connor) to the adjourned session of the peace conference between representatives of the free states and the Republicans next week.

It asserts that the labor party and the trades union congress have consulted with the leaders of the contending parties and forces and have been assured on all sides that many deeds of aggression and violence were committed by groups or individuals without authority. Every effort was being made to reduce to a minimum military intervention in civil affairs.

It is declared by the manifesto that it is for the Dail Eireann unite the army and bring it under a single command so that it may defend the nation and its liberties against foreign intervention.

ASK PROTECTION OF UNITED STATES RIGHTS IN TREATY

TenEyck Would Have Government Buy Land Along Canal

(By The Associated Press)
WASHINGTON, April 20.—Asserting that the secretary of state has been instructed to negotiate a treaty with Canada relating to development of the St. Lawrence river, Representative TenEyck, Democrat, New York, in a letter to house members today asked that they get behind his resolution seeking acquisition by the government of half the land adjacent to the proposed canal and half the land to be improved by such development.

"A treaty," he said, "will shift the future of this important project directly to the senate which enjoys joint responsibility of the treaty making power of the country. I feel that before any treaty is negotiated with Canada or Great Britain relating to the St. Lawrence project due consideration should be given to the land adjacent to the power development."

"It is estimated that we own half the land so that we may be a fifty per cent beneficiary in the future before we pay fifty per cent of the cost of its development."

PLANS COMPLETED FOR TENT CITIES

CHICAGO, April 20.—Twenty five thousand Chicago families will live in tents in the forest preserves near the city during the summer to avoid paying high rent. E. A. Potter, manager of the Chicago Tenants' Protective League announced today. All plans for the tent cities have been completed, he said, and asserted that a number of families are arranging to move.

No dogs will be allowed in camp, but there will be no limit on children, it was asserted.

"This move will be the greatest ever toward beating the greedy landlord," Mr. Potter said.

SEVERAL NON-UNION MINES HAVE CLOSED

PITTSBURGH, April 20.—District officers of the United Mine Workers gave out tonight a list of 47 non-union mines, which it was declared had been closed in the Westmoreland county fields since the coal strike began. There was no statement from operators in dispute of the claim, although well informed coal circles insisted that some of the mines were not completely closed.

An important development in the field was the closing of the Mammoth mine of the H. C. Frick Coal company near Greensburg, where 400 men failed to report for work today.

Republicans Trying to Secure Harmony

(By The Associated Press)

SPRINGFIELD, Ill., April 20.—Efforts to work out a harmony scheme for the Republican state convention tomorrow were centralized tonight in a committee of four, two of whom were named by Governor Small and two by anti-Small leaders. The meeting of the state committee was postponed until 10 a. m., tomorrow.

Senators Richard R. Meents of Ashkum and Samuel A. Ettelson, of Chicago, were named by the governor while the selections of the anti-Small factions were Henry I. Green, representing Senator William B. McKinley and Emil Wilson for the McCormick-Brundage combine.

Mourning a divan in the lobby of the hotel in which leaders of all factions are quartered, Frank L. Smith, chairman of both the 1918 and 1920 state committees, announced the course which had been pursued by hostile factions.

"This committee has been selected to represent both side in the efforts to establish harmony among the Republicans of Illinois," Chairman Smith said.

Altho the negotiations for harmony overshadowed all other matters of lobby discussion, tonight Senator Thirlow G. Essington of Streator was prominently mentioned by many leaders as the selection for permanent chairman of the convention tomorrow. Senator Essington defeated Max Murdock, assistant director of registration and education in Governor Small's cabinet in one of the hottest battles of the primary week.

Faction Leaders Fraternize
The gathering leaders today fraternized and talked peace and good will, but underneath the surface glow of amity an mutual understanding each side occasionally bared certain well defined limits beyond which, it was declared the factional chiefs were unwilling to go even to avert an open fight on the floor on a possible bolt.

Thompson men from Chicago tonight were proposing that the contesting delegations from Cook county both be seated, with each man having a half vote. Attorney General Edward J. Brundage flatly declared he would never accede

BEARDSTOWN MAYOR ISSUES APPEAL TO PEOPLE FOR HELP

Need \$100,000 Worth of Food Stuffs and Clothing

(By The Associated Press)
BEARDSTOWN, Ill., April 20.—Two hours and one half after the Crane Creek levee, dividing the Crane Creek and Crane Creek drainage districts, broke tonight and flooded 6,000 additional acres of farm land planted in winter wheat, Mayor Wesley Perry issued an appeal to the people of Illinois for immediate aid.

He asked for \$100,000 of foodstuffs and clothing at once.

As a result of the break the river stage in Beardstown began dropping at the rate of an inch an hour. The level was 25.1 feet when the drop started.

Rush Supplies to Flood Districts.
CHICAGO, April 20.—Row boats, supplies of various kinds and funds were rushed today by the Red Cross to the flood-stricken districts in Illinois and Missouri, in response to new calls for assistance.

Red Cross workers at Cairo reported that they had chartered a steamboat with which to make a two day search for families driven from their homes and possibly stranded along the banks of the swollen Mississippi. Two nurses and four other workers were ordered to Beardstown. Conditions also were reported bad at Cairo City, Illinois, and an investigator was sent there.

Every tent in the colony erected by the Red Cross north of Cairo was reported to have been occupied and plans were made to erect a new tent city for the increasing number of refugees coming in from the flooded districts.

CONFESSED EMBEZZLER SENT TO PENITENTIARY

Chicago, April 20.—James M. Moore, confessed embezzler of \$15,000 from the Harris Trust & Savings Bank, where he was employed as a teller, was sentenced today to ten years in the penitentiary today after he had admitted his speculations to his efforts to "play the ponies."

WOMAN SENTENCED TO LIFE IMPRISONMENT

Hammond, Ind., April 20.—Mrs. Marie Telizzi of East Chicago, who shot and killed Miss Marie Page because the latter refused to wed her son, was sentenced to life imprisonment today by Judge Smith of the criminal court.

MOTHER IS HELD FOR ABDUCTING HER OWN CHILD

Child Begs to be Allowed to Stay With Her Mother

(By The Associated Press)
BARDSTOWN, Ky., April 20.—On complaint of Raymond Dolfinger, Louisville salesman, his divorced wife Caroline was held under bond of \$1,000 in county court today to answer next week to a charge of abducting her daughter Nancy, nine years old.

The child was seized Tuesday in Louisville, while on her way to school and thrust into an automobile. Subsequently the machine was traced to the home of relatives of the former Mrs. Dolfinger near here, where she was arrested.

A divorce decree two years ago gave Dolfinger custody of the child. Meanwhile, according to Rockford, Ill., special telegrams Mrs. Dolfinger had married William Koe Sun, proprietor of a Chinese restaurant there.

Mrs. Dolfinger faces service of a bench warrant issued in Louisville today charging her with having obtained goods valued at \$300 from a firm there under false pretenses.

On a writ of habeas corpus the child was turned over to her father. She clung to her mother's skirts and begged to be allowed to stay with her.

SLIGHT INCREASE SHOWN IN PRICE OF COMMODITIES

Average Higher in March 1922 Than in Same Month in 1921

(By The Associated Press)
WASHINGTON, April 20.—Wholesale prices of commodities generally classed as necessities of life showed a slight increase during March according to department of labor statistics issued today and were about two thirds of one per cent higher when the month ended than at its beginning. The index number for all commodities representing the summarized averages was 152 on March 31, compared with 152.29 on March 31, 1921, and 151 in February 1922. Advances in the price of farm products chiefly were responsible for the change.

The fall of the cost of living in principal cities between June 1920 and March 1922, the department estimated was 26 per cent. In Chicago the decrease was said to be 23.1 per cent.

Meat prices during 18 months of the institute of American Meat Packers declared in a statement tonight showed "tremendous declines." Summarizing average selling prices of export meats during 1921, the institute said the figure was 14 3/4 cents per pound, or 51 per cent less than the average price realized at export during 1919.

BURGLARS GET \$7,000 WORTH OF JEWELRY

(By The Associated Press)
EAU CLAIRE, Wis., April 20.—A story of a woman's devotion to the memory of her dead husband, evidenced by a determination to disturb nothing in the house where he died came to light today when Gilbert Stenseth, 18, offered a \$500 diamond to a jeweler for \$15.

Stenseth when arrested took police to his home where jewelry estimated at \$7,000 was found. Questioning brought from Stenseth the story that he and Ruben Woodford broke into the home of Mrs. Daniel McLeod, widow of a wealthy lumberman and found jewelry and some money in a bureau drawer.

It developed that since Dan McLeod, died 12 or 13 years ago, Mrs. McLeod has not only left the house vacant but actually left lying where they were when her husband died all the articles then in the home. Nothing was disturbed when Mrs. McLeod vacated the house after the funeral nor has she ever entered it since then and would not give permission to anyone else to enter.

MURDERER SENTENCED TO FOURTEEN YEARS

CHICAGO, April 20.—Frank Mazur, who shot and killed his wife after a family quarrel was sentenced today to 14 years in prison after he had pleaded guilty.

SAYS GERMANY WILL ACCEPT CONDITIONS IMPOSED BY ALLIES

Also Says That Soviet's Reply on the Russian Question Will Be Favorable—Believes the Conference Will Be a Great Success—German Correspondents Withdraw Questions

(By The Associated Press)

GENOA, April 20.—Facing 500 newspaper representatives of virtually all nations, the British premier today, after announcing that the Germans would accept the conditions imposed by the allies concerning the Russo-German treaty and that the soviet's reply on the general Russian question would be such as to permit of further hopeful negotiations declared his unshakable conviction that the Genoa conference would prove a great success. He believed that it would restore harmony in Europe and was supremely confident that before adjourning it would adopt an agreement whereby all the nations of Europe would bind themselves not to commit acts of aggression against neighboring countries.

"Such a pact," he exclaimed, "is an essential to the favorable issue of this conference; without it I believe the conference will be a failure."

Lloyd George's decision to talk to the press was an outgrowth of the system at the Washington conference where it was the custom of the leading delegates to receive the newspapermen daily, worked so well. Removing his winter overcoat, with which Mr. Lloyd seeks to avoid the April chills of Genoa, he wearily stroked his thick white locks. His first words gave disappointment. "I came not to make a speech but rather to answer questions, and so, clear up misunderstandings," he said, but immediately added:

"God is in His Heaven and the conference at Genoa still lives and is going strong. The public may be said to be divided into two categories—those who want to see the conference succeed and those who would like to see it go down in defeat. The latter will not see their desire crowned. We are working thru our difficulties quite successfully."

The premier then announced that the difficulties coming from the signing of a separate Russo-German accord would be overcome and later he made it clear that he had good reason to believe that German delegates were preparing to accept the suggestions laid down in the note sent them by the allied representatives. In it were specific conditions that the Germans would be expected not to sit on the commissions which henceforth will deal with Russian questions because the Germans had settled their affairs with Russia outside the conference.

"I don't want to anticipate the character of the Soviet answer to our proposals for a general accord with Russia," continued the premier, "but I would be surprised if it were not of such character as to permit us to go on with our work of reconstruction. The sub-commission on political affairs will meet tomorrow to consider the soviet reply."

Questions are Submitted.
The meeting of the premier and newspaper men was then thrown open to questions with the understanding that all should be submitted in writing. This announcement curbed the enthusiasm of some who seemed prepared to submit the British leader to a grilling examination. The first question was:

"Why does Dr. Rathenau say you know all about the Russo-German treaty in advance?"

"I don't know whether Rathenau said that or not," came back the premier with amazing quickness.

"Certainly he did not say it to me. If he did it would have been untrue."

Lloyd George emphasized that everybody was on an equal footing at Genoa and that the Germans had a place on all the commissions which were to discuss the accord affecting Russia and all nations. To make a separate pact behind the back of their colleagues was an act of disloyalty on the part of the Germans.

"We were justified in taking energetic measures," declared the premier. "The thing will have a good effect."

The next question was: "Does the prime minister think that the Russo-German treaty represented a deliberate attempt to wreck the conference?"

Mr. Lloyd George thought not. The next question read as if it emanated from the correspondents of the neutral countries, which have been complaining about the private negotiations among the "big four"—are small informal

WAR DEPARTMENT OFFICIALS URGE ARMY OF 150,000

Make Appeal to Senate Appropriations Committee

(By The Associated Press)

WASHINGTON, April 20.—The war department's appeal for an army of 150,000 men, rejected by the house, which fixed the maximum strength at 110,000 officers and 115,000 men, was urged today before the senate appropriations committee during its consideration of the army pay.

Spokesmen for the department coupled with their appeal for the larger army a request for an officer strength of 12,531, or approximately the number set in the Pershing officer reduction bill now pending in the senate.

Figures presented by Major James Mackay, representing the army finance officer, called for expenditure of slightly more than \$12,000,000 for the pay of officers and men, an increase of about \$37,000,000 over the house appropriation. The house enlisted pay provision was for approximately \$49,000,000 and \$27,000,000 for officers. The senate was asked for approximately \$69,000,000 for enlisted men and \$42,000,000 for officers.

It developed at the hearing that about \$5,000,000 may be shaved off the total appropriation for the enlisted personnel if the pending pay schedule should be adopted. The new pay rate has not been acted on either by house or senate but has been presented to both by the joint commission which recently completed a study of the question and submitted a pay bill for army, navy and marine corps to take the place of the schedule adopted in 1908.

Major Mackay requested that an appropriation to give retired officers extra pay when recalled to active service be stricken from the bill. This was accepted by senators as meaning that the war department has changed its policy with respect to retired officers and contemplates the recalling of none of them to active duty during the coming year.

Chairman Lasker of the Shipping Board declares the Government is spending \$50,000,000 more than it receives each year in the operation of its ships. He says that direct and indirect Federal aid proposed in the administration merchant bill now pending in Congress would amount to about \$40,000,000 a year. A passage of the bill would thus mean a cash saving of \$10,000,000 annually and, in addition, the country would get better service on the ocean than it has ever enjoyed before. Probably the merchant marine bill will be amended in some minor details before it became a law, but no serious opposition to its principles has been manifested, and it will not be long before the country begins to reap the advantages of the legislation.

THE BEARDSTOWN APPEAL.

A meeting of business men and representatives of various organizations in Jacksonville will be held this morning at 10 o'clock to consider the appeal for relief sent out by Beardstown. Not until yesterday had the Beardstown people been willing to admit that they were in need of any outside assistance. Now that realization of the unfortunate conditions there has come and the appeal for aid, has been sent out, Jacksonville should make a generous answer—and Jacksonville will.

THE CONFERENCE ON JACKSONVILLE'S RAILROAD NEEDS

Railroad men do not have horns. That is a fact that Jacksonville business men who met representatives of the local railroads here yesterday found out. In fact, the men who came to the city yesterday by invitation of the chamber of commerce, representing the C. & A., Wabash and the Burlington railroads, proved to be business men of the plain-spoken and easy to meet type. Several of these men are not strangers in Jacksonville, as they have been here before and so felt in coming to Jacksonville at this

time that they were among their friends. It is too early to say just how many of the Jacksonville needs made plain to these railroad visitors will be met, but it is not too early to say that there will be beneficial results from the friendly conference held. The facts about Jacksonville's needs were presented in a very tactful way by Mayor Crabtree as representative of the business men. There was no thought of making demands, but conditions were brought to attention as they are, with the idea that the railroad operators after looking at the facts in their proper relationship, will be in better position to apply the needed remedies.

Some things were asked of the railroads which can be granted soon. Others were presented by way of suggestion for mature consideration with the belief that these improvements can come to pass at a later time. The railroad men made it clear that they appreciated the Jacksonville attitude and the friendly discussion of these things will be mutually beneficial.

If the day ever was for big stick methods for attacking railroad corporations and telling them what they must do, that day has passed. Frankness and fairness can dominate the whole railroad problem if the questions are approached in the manner in which the railroad representatives and the Jacksonville business men considered them last night.

COX WRONG ON ALL COUNTS.

"The substance of the keynote speech of James M. Cox at the recent Jefferson Day banquet was that the United States is suffering industrial depression, and international exchange is disrupted because of the refusal of the United States to go into the League of Nations, but recent industrial and financial history refutes that contention," declares the Republican Publicity association. "American industry has been on the up-grade nearly ever since the inauguration of a Republican administration demonstrated the impossibility of the United States subordinating its sovereignty and its interests to a superstate. International exchange has been rapidly getting back to normal—getting back so rapidly as to surprise even the most sanguine.

"The one great burden to American industry has been taxation. The internationalists who propose to force the United States into a league of nations are also debt cancellationists who would have the United States, either voluntarily or thru the influence of the league of nations, write off from our books some eleven billion dollars due this country from European nations. If that debt were cancelled it would mean an

eleven billion dollar additional debt placed upon the people of the United States for the liquidation of which they would be compelled to pay increased taxes for probably a century to come. Scarcely anything could be done that would have a more depressing influence on American industry than the cancellation of debts with the assurance, as a consequence, that American industry would have heavier Federal taxes to pay.

Mr. Cox ignores the record, and assumes that the American public will ignore the record, when he attributes depreciated foreign exchange to our refusal to enter the League of Nations. The fact is, that in November, 1920, when the American people decided by a seven million majority that the United States would not enter the league, the British pound sterling was worth, in the United States \$3.33, and the French franc was worth 5.7 cents, while today, without our having shown any indication whatever of a disposition to enter the League, the pound sterling is worth \$4.42, and the franc 9.2 cents."

TO AID BEARDSTOWN FLOOD SUFFERERS

Committee to Be Formed This Morning to Aid in Relief of Distressed Families in Beardstown Flood District.

A meeting is to be held at ten o'clock this morning at the chamber of commerce headquarters for the purpose of organizing a Beardstown relief committee in this city. This meeting was called by Mayor E. E. Crabtree and President R. Y. Rowe of the chamber of commerce, following the receipt of a call for assistance from Beardstown. This message came from Floyd Condit of the First National Bank of Beardstown, who stated that the situation among the flood victims is much more serious than was first anticipated.

According to Mr. Condit's statement there are now between 125 and 150 families homeless and destitute in the flooded areas, and their plight calls for quick relief. A relief committee has been formed in Beardstown, including Mayor Wesley Perry, F. J. Kuhl, president of the Beardstown club, and G. E. Schultz, and this committee is in charge of receiving and distributing funds for the relief of the destitute.

It is the hope that the meeting this morning will be attended by representatives of all fraternal and civic organizations, including lodges, orders, clubs and churches.

MEREDOSIA FLOOD SITUATION IMPROVES

River Stage is Lower and Residents Believe That Worst is Over—West Levee is Holding.

Meredosia, April 20.—The stage of the river at 9 o'clock tonight was 23 feet and 10 inches, having raised one inch since noon. There had been a fall of seven or eight inches since yesterday, due to the breaking of the levee. The condition as a whole is much more satisfactory than has been true for some days, and it is the belief the river will not reach a higher stage than the present one if there are no more rains. A large force of men is kept constantly at work on the levee west of town and their efforts have been successful, as the levee is still holding at all points.

"Joseph and His Brethren," Westminster, Sunday night.

OIL FIND MADE

ON TRAVIS FARM It's an unusual thing to find oil bubbling from the ground, but that is the situation on the T. C. Travis farm about seven miles northeast of Jacksonville. Recently while walking over the farm Mr. Travis noticed the oil flowing from the side of a hill. He dug a pit about it and in a few hours' time had collected about five gallons. An analysis showed it of good quality.

The Travis farm adjoins the James Mahon farm and a well which still flows was put down on that farm a number of years ago. It is likely that the oil which has just made its appearance on the Travis farm was forced thru by the pressure from a well which was put down on the farm several years ago but was not completed.

C. A. Johnson and Frank Byrns drove out to inspect the new find and were very much interested in its general appearance. Mr. Byrns has for a number of years held oil leases on a considerable acreage in that locality.

LOUIS FRANK TELLS ABOUT BEARDSTOWN PLIGHT

At the Chamber of Commerce mass meeting held last night, before the formal program began Louis Frank was called upon to make a statement about the conditions in Beardstown. Mr. Frank in company with C. J. Depe of this city, spent two days this week in Beardstown. He said that the people of Beardstown who have a wonderfully fine spirit, are just beginning to realize how severe their losses have been and further that the darkest days are ahead of them. In consequence of the very heavy losses and the fact that all the property of hundreds of families has now been swept away the city has now decided to ask for aid.

Mr. Frank said that based upon his observation, that certainly the people here could not assist in a better cause.

COUNTY ROADS NOW MUCH IMPROVED

L. V. Baldwin, county superintendent of highways, had several men at work yesterday filling in a mud hole on the Woods road, two miles southwest of the city. This is a mud hole in which many cars have been stalled during recent weeks and was really the only very bad place in the road between Jacksonville and Franklin.

Mr. Baldwin said yesterday afternoon that the road to Franklin is now in a very passable condition. In fact, the superintendent said that all main roads are improving very rapidly and that a few more days of fair weather and some work in the low places will entirely change the travel conditions. The bus operated by the Jacksonville & Springfield Co. made a trip to the city Wednesday and again yesterday. For nearly two weeks past the road conditions have made it impossible for the bus to be operated.

DIAMOND STREET CULVERT DAMAGED

Further damage from flood has been recorded on South Diamond street where the west arch of the brook bridge has given away. The continuous pressure of flood water loosened the cement and the arch gave way. Superintendent of Streets Perry White and his assistants have put in such supports that there is no danger of a cave-in of the pavement.

When the water subsides the necessary repairs will be made. It will be quite an extensive job for the city.

RETURNS FROM CHICAGO

Stewart Holmes, son of Mr. and Mrs. J. T. Holmes of Orleans precinct, returned last night from Chicago where he spent the past year in study at the Moody Institute. Some trouble with his eyes has made it necessary for the young man to stop his book work for a few months and at the end of that time he expects to return to the institute.

T. P. A. STARTS FUND FOR BEARDSTOWN

The appeal from Beardstown business men for aid in the present critical time resulting from the flood has already brought one answer in Jacksonville. Speaking for the local post of the T. P. A., C. F. Ehtie said yesterday that the organization would make a contribution of \$25 toward the relief fund. Various organizations are to be represented at the conference which will be held on this general subject this morning at 10 o'clock.

"Joseph and His Brethren," Westminster, Sunday night.

FAVORITE LODGE GIVES PAGE RANK

Seven Candidates Received Rank Last Night—Will Celebrate Passing of 500 Mark in Membership.

Favorite Lodge No. 376 at the regular meeting held Thursday evening conferred the Rank of Page on seven candidates. With the inducting into membership of these candidates Favorite lodge passed the 500 mark in membership, the organization now having a total of 592 members.

Those receiving the rank were: G. W. Patterson, Albert G. Killam, Russel M. Arandel, Merle Smedley, Fred S. Killam, Harry Killam, and Herbert La Rue.

The lodge also voted \$25 to the local relief bureau for the Beardstown flood sufferers.

Feeling that the reaching of the 500 mark in membership should be properly observed the lodge appointed a committee to arrange for an appropriate program for the occasion. This committee is composed of L. F. Jordan, Arthur Reeve and Jewell E. Scott.

The lodge will give a ball and program for the membership and visiting knights next Thursday evening.

AFTER EASTER CLEARANCE SALE

Hugh Green and Mr. and Mrs. Willard Wesner motored to Winchester on business yesterday.

Mrs. Paul Jolly of Franklin is expected to visit Miss Martha Fanning in this city for the remainder of the week.

William Deaton of Litchberry was trading in the city Thursday.

DR. ENGELBACH TALKED TO KIWANIS CLUB

Prominent St. Louis Physician Visitor Here Thursday—Hon. Darius Brown Also a Speaker at Club Luncheon.

At the meeting of the Kiwanis club yesterday at the Peacock Inn Darius Brown, past supreme dictator of the Loyal Order of Moose, and Dr. William Engelbach of St. Louis made addresses. Mr. Brown told of the work that the Moose organization is doing for boys and then Dr. Engelbach emphasized the thought of the vital interest that the public has in the welfare of children.

Lloyd Reid was introduced by President Farrell as the chairman of the day. After a statement had been made by Harold Welch, secretary of the Chamber of Commerce, that the city of Beardstown is now asking assistance, President Farrell appointed John W. Larson to represent the Kiwanis club at the conference to be held this morning, when the question of Jacksonville's part in the relief work will be discussed.

The club appointed President Farrell and Dr. A. B. Applebee delegates to the international convention to be held in Toronto June 20 and 21, with Lloyd S. Reid and G. B. Andre as alternates.

Jacksonville has some claim upon Dr. Engelbach, since he is a graduate of Illinois college and spent a number of years in Jacksonville as a member of the household of his uncle, the late Henry Goebel. He is resident in St. Louis and as a diagnostician has a reputation extending throughout many states.

Dr. Engelbach in his brief remarks dwelt particularly upon the desirability of a better understanding of medical science on the part of the layman. This he advocated as a matter of public defense against the onslaught which is now being made in some quarters upon all public health laws.

The speaker urged various organizations to join in the effort to enlighten the people regarding the advantage of a proper medical education. This he said, should be included in the program of the Kiwanis, Rotary and like organizations.

Dr. Engelbach declared that the problem of the defective and dependent child is one which should be given more attention by the general public. He said that when there is the proper understanding of the needs of these defective and dependent children, the public will insist that the care of these children shall be entrusted only to those who are by education and experience fitted for the task.

NAPLES RESIDENTS RECEIVED SUPPLIES

Salvation Army Landed Supplies There Thursday—River Falls About Seven Inches.

Naples, April 20.—Residents of Naples marooned on a bluff here were relieved of possible suffering when representatives of the Salvation army arrived from Meredosia today with food supplies.

The food situation was getting rather serious as high water and the strong wind Wednesday made it impossible for boats to reach here.

The break in the Scott county levee below here yesterday caused a fall of about seven inches in the stage of water. However, the stage still stands at 25 feet and four fifths of the houses here are uninhabitable.

About eighty-five tents have been sent here and the residents so far have suffered no serious hardships and have been fortunate in escaping illness from living in the tents.

Miss Jacobina Riecke, Morgan county Red Cross nurse made a professional trip to Chapin yesterday.

BIRTHDAY SOCIAL AT MURRAYVILLE CHURCH

M. E. Ladies' Aid Members Spent Pleasant Afternoon Thursday at Church.

Murrayville, April 20.—The ladies of the Aid society of the Methodist church whose birthdays fall in March and April were hostesses at a birthday social Thursday afternoon in the basement of the church. The hostesses were Cora Baker, Mrs. Stella Beades, Mrs. Ida Seymour, Mrs. Mamie Blakeman, Mrs. Mary Boruff, Mrs. Alice Lemmon, Mrs. Iva Short, Mrs. J. E. Osborne and Miss Ruth McElor.

The attendance was large about sixty-five women being present to enjoy the program of the afternoon, which was as follows:

Solo—Mrs. Ruth Fuller.
Reading—Mrs. Alice Lemmon.
Reading—Mrs. Ida Seymour.
Solo—Mr. Barclay.
Solo—Miss Margaret Beades.
Song—"America"—the company.

Prayer—Rev. L. T. Henninger.
At the close of the program came a very enjoyable social hour when the hostesses served excellent refreshments.

WELL KNOWN RESIDENT OF WINCHESTER DIES

Mrs. Damaris Dyer Passed Away After Long Period of Ill Health—Declamatory Contest Tonight—Other Winchester News.

Winchester, April 20.—The death of Mrs. Damaris Dyer, widow of the late John Dyer, came Wednesday morning at her family home on North Main street. The deceased was a daughter of the late Mr. and Mrs. Wilson Coates of Glasgow. She was born there Dec. 12, 1854, but had resided in Winchester for a long period.

Mrs. Dyer was a member of the Christian church and was an active worker there as long as her health would permit. She was a woman of fine character, her greatest interest being in her home and family. For a number of years the late husband of the deceased was postmaster at Winchester and the family was one of the most prominent in the community.

The deceased is survived by one daughter, Mrs. Ora Carlton, at home, and one son, Dr. Kirt Dyer of Kankakee. Her husband and one son, Dr. Charles Dyer, preceded her in death several years ago.

Funeral services will be conducted from the Christian church at 2:30 o'clock Friday afternoon in charge of Rev. Mr. Elmore, assisted by Rev. W. R. Johnson.

Declamatory Contest.
A declamatory contest is to be given in the Lyric theatre Friday evening, when the following program will be carried out:

Selection—Orchestra.
Vocal solos—(a) "Values" by Vanderpool; (b) "Rose of My Heart" by Lohr.
Reading—"Birth of a Soul" by Wilson.

Reading—"The Lie."
Vocal solos—(a) "Song of Life" by Hauley; (b) "Spring Has Come" by White.
Reading—"Joint Owners in Spain" by Alice Brown.

Reading—"Jane" from "Seven-teen" by Booth Tarkington.
Reading—"Man and the Shadow" by Child.
Reading—"Miss Civilization" by Richard Harding Davis.

Vocal solos—(a) "Birth of Morn" by Fleoni; (b) "There Let Me Rest" by Green.
Selection—Orchestra.

The contestants are as follows:
Readings—Sarah Cohagen, Eva Hamon, Opal McCarthy, Mary Owings, Elizabeth Rohrig, Nell Smith, Mary Ruth McDonald.

Vocal—Ruth Buckley, Frances Dugan, Olive Walker.

News Notes.
The Scott county levee broke Wednesday night at about nine o'clock and altho a large force of men worked all night and all day Thursday they were unable to save the levee and it is gradually going out. This is known as the Mauvalsterre levee and is located just west of the old William Fitzsimmons farm.

Mr. and Mrs. Noble McLaughlin of Alsey were visitors in Winchester Thursday.

Miss Dorothy Dow of Chicago is a guest at the home of Mrs. William Coultas and daughter, Miss Ruth.

Mrs. Henry Pfenniger and Mrs. Van Ogle were Winchester visitors Thursday from Naples.

Julius Dirken, one of the contractors for the new high school here, is very ill at his home in Quincy. He went there for a brief visit with his family and was operated on Monday at a Quincy hospital.

M. B. Edmondson of Clayton was a visitor in Winchester Thursday.

SHANKEN'S

SISTER DIES IN SPRINGFIELD.
Mrs. F. A. Smith of Springfield sister of Mrs. Louis Cady of this city passed away Thursday morning at 5 o'clock.

She is survived by her parents and the following brothers and sisters: Robert DeLess, Princeton, Illinois, Joseph DeLess, Clayton, Illinois, Edward DeLess, Seattle, Washington, Mrs. Louisa Orr and Mrs. Louis Cady of this city. John DeLess a brother died a year ago. Funeral services will probably be held in Springfield.

PAVED HIGHWAYS IN GOOD CONDITION

SPRINGFIELD, Ill., April 20.—Paved highways in Illinois are in good condition, with a few exceptions, according to a road report issued by Frank T. Sheets, Superintendent of Highways. The exceptions noted are as follows:

The road between Ottawa and La Salle, on the south side of the river, is passable, but in two or three places where gravel has been used on top of freshly made fills, there are deep ruts. These ruts will be eliminated just as soon as weather conditions will permit the road to dry out. The best route would be to follow the road on the north side of the river from Ottawa to Utica, thence across the river, following the pavement to La Salle. The south road will be impassable for a few days on account of high water being over the pavement just south of La Salle.

The detour at Bureau is passable, but on account of the excessive rains the gravel road is rutted badly in places. From Bureau south of Peoria there are a few places on the road that have been overflooded with water, partially destroying the shoulders. There are also a number of landslides along the bluff that have seriously disturbed the pavement and covered portions of it. In a number of instances the pavement has been broken and has heaved out of line. The entire road is passable, but traffic should carefully observe caution signs.

The pavement between Peoria and Pekin is closed to traffic. The levee just west of Pekin broke on April 12 and covered a mile and one-half of the pavement immediately west of the river bridge at Pekin. Possibly the current has done considerable damage to the pavement and shoulders. This cannot be determined until the water recedes. Traffic between Peoria and Pekin should follow the Springfield road through East Peoria, thence south twelve miles to the Tremont road thence northwest to Pekin. This detour is fair when earth roads are passable.

On the Old National road, east of Effingham, near Woodbury, high water destroyed a bridge. It will be necessary to detour this bridge for the next sixty days. The detour is very short and is passable at all times, excepting under high water conditions, when the river is out of its banks.

Immediately north of Marshall there is a detour of about two miles. This is made necessary on account of the Vandallia Railroad rebuilding an overhead crossing. The detour is kept maintained and can be negotiated at most any time.

NOTICE

J. D. Benson, Prop. White Front Cafe, 28 N. Side Sq., wishes to thank the public for its patronage for the past 7 years in business, and would solicit the same patronage for his successors.

Having bought the White Front Cafe wish to announce the place will be closed Saturday night and will re-open Saturday, April 29. Thank you.

DEMOCRATS PLAN SHARP ATTACK ON GOVERNOR SMALL

State Convention Also Talks About Wet Plank in Platform

SPRINGFIELD, Ill., April 20.—Democratic leaders tonight were building their party platform for tomorrow's state convention without a cloud in the political skies to threaten discord in the convention.

Both national and state Republican administrations will be made the target of Democratic darts of condemnation tomorrow according to chieftains among the early arrivals.

The customary criticism of a Republican administration is expected to be sharpened by resolutions aimed at Governor Small. The proposed platform brought to Springfield by Cook county leaders contained planks with anti-Small planks and was submitted to downstate leaders tonight for approval.

Arriving several hours in advance of the "Democratic Special" from Chicago, George Brennan, Dennis Egan, Anton Cermak, Robert Sweitzer and Martin O'Brien, controlling powers of the Cook county Democracy went into conference with Ernest Hoover, state chairman, Thomas Donovan of Joliet, probable new state chairman and other downstaters.

The only question which bothered the Democrats tonight was contained in a proposition to include a moist plank in the state platform. Several leaders expressed a willingness to go into the campaign this year with a proposal for light wines and beer. Differences over the "moist" plank virtually all leaders agreed, will not be so intense as to cause discord in the convention.

Two of the three Democratic nominees for trustees of the University of Illinois were virtually

agreed upon tonight. They are Frank T. O'Hair of Paris, who defeated "Uncle Joe" Cannon for congress in 1912, and Mrs. W. H. Hart of Benton.

Discussion turned tonight to organization of the newly-elected Democratic state committee later in the month. Thomas Donovan of Joliet was mentioned by numerous leaders as the most likely successor to Chairman Hoover, who is not a member of the committee elected last week.

BUSINESS REVIVAL CANNOT COME THRU PROTECTIVE TARIFF

(Continued from Page One)

Senator McCumber asserted in his address that he thought he could justly say that never before in any tariff bill has the interest of agriculture received such favorable consideration as in the measure he laid before the senate.

"We have guarded the interest of the farmer," he continued, "as much as it is possible for a tariff bill to yield him protection."

"Even if this protection meant any increase in the cost of living the public would be more than compensated because every dollar of benefit to the agriculture class will be reflected in the increased production of our mills to meet the farmers' increased purchasing power and in increased improvement of American labor. But in my opinion it will not increase the cost of living on the whole one cent. It needs but a glance at the farmers' price and the ultimate consumers' price of agricultural products to show that there is a sufficient spread between them to absorb many times over the little additional benefit which the farmer receives."

FORMER BOARD OF TRADE, RESIDENT DEAD.

CHICAGO, April 20.—J. K. (Sunny Jim) Hooper 79, former president of the Chicago Board of Trade died today.

REPUBLICANS TRYING TO SECURE HARMONY

(Continued from Page One)

income taxation and the Chicago traction problem.

"If it is produced in the convention—off goes the roof," one party leader commented.

The factional leaders foregathered today under one roof. Senators McCormick and McKinley and Lieutenant Governor Fred E. Sterling arriving during the morning and registered at the same hotel. In the afternoon the Cook county leaders led by Mayor William Hale Thompson and Fred Lundin, opened headquarters at the same hostelry.

Governor Small called on his factional leaders there this evening and held open house in the lobby.

The harmony committee received a proposition from William Hale Thompson of Chicago, who proposed that his delegation from Cook county be seated instead of the Brundage group, that the convention then organize and immediately recess until fall.

By this step, it was pointed out the question of endorsement of Governor Small would be side-stepped, along with any possibility of an open fight. The recess until fall would ride the convention over until after congress has acted on pending bonus legislation and national issues have been made clear.

Reports from the Brundage camp were that the attorney general would not agree to the seating of the mayor's contesting delegation but might be willing to concede a partial fifty-fifty plan, giving the Thompson delegates from the city hall wards of Chicago seats with half votes, while the Brundage group retained the wards they control and the country districts.

Governor Small conferred with Thompson and his leaders at the mayor's headquarters this evening and after the recess announced that in the interest harmony

they were willing to waive the mayor's platform, with the possible exception of a traction plank modified to avert objection from the other side. The mayor stated that if a harmony program could be worked out, his platform probably would not be introduced.

At 11 o'clock none of the conferences had developed any program on which a possible agreement was in sight and the alternative of a fight on the convention floor was still in prospect.

At midnight reports from the committee room were that the questions at issue had narrowed down to the issue of endorsement or non-endorsement or censure for Governor Small and Lieutenant Governor Fred E. Sterling.

Said to Agree On Delegates.

Attorney General Brundage was reported as agreeing to the seating of the Thompson delegates from Chicago along with his own delegation, giving each a half vote. As the Cook county rural delegates are uncontested the plan would give Brundage control of approximately 75 per cent of the vote of the combined delegation. The Thompson leaders were reported to have agreed to the proposal after Colonel Frank L. Smith, chairman of the state central committee had indicated he would order that solution if harmony committee failed to agree.

The anti-Small forces on the new state committee elected at the party last week, held an informal caucus tonight and signed up 16 of the 25 new committeemen to vote for Walter Rosenfield of Rock Island for chairman. The new committee will not officially organize until after the convention, the members not having received their credentials as yet. George E. Keyes of Springfield, was chosen by the caucus as its candidate for secretary. James A. White of Murphysboro, presided.

The caucus ended the suspense which has surrounded the committee organization since its election. It claimed 17 votes, while the anti-Small people have claimed as high as eighteen.

The sixteen who attended tonight's caucus and agreed to support its nominees are:

Morris Eller, Walter P. Steffen and Senator James J. Barbour, of Chicago; Justus L. Johnson, Aurora; Axel Hammerberg, Rockford; Arthur M. Smith, Stockton; Walter A. Rosenfield, Rock Island; George H. Wilson, Quincy; S. S. Tanner, Minier; Lawrence T. Allen, Danville; Guy R. Jones, Tuscola; George E. Keyes, Springfield; Alvin C. Bohm, Edwardsville; P. B. McCullough, Lawrenceville, and James A. White, Murphysboro.

BETTER SERVICE IS ASKED FROM ROADS

Representatives of Transportation Lines Are Frankly Told Local Needs—Promises Given That Some Requests Will Be Granted and That All Will Have Consideration.

The representatives of various railroads who came to Jacksonville yesterday on invitation of the chamber of commerce were guests at 6:15 last night at a dinner given at the Pacific hotel. In addition to the visitors the directors of the chamber of commerce and members of the transportation committee were present.

President R. Y. Rowe of the chamber of commerce presided and introduced the railroad men present: S. G. Lutz, vice president of the Chicago & Alton; H. E. Watts, general passenger agent of the Wabash railroad; Albert Cotsworth, Jr., assistant general passenger agent C. B. & Q.; J. A. Behrle, assistant general freight agent of the C. & A., and C. M. Eastwick, chief clerk to the vice president.

A telegram was read from W. C. Hurst, general manager of the C. P. & St. L., expressing his regret that the flood situation on the C. P. lines made it impossible for him to be present.

Mayor Crabtree was then called upon to outline some of the things that Jacksonville needs with reference to transportation. Mayor Crabtree began by voicing the pleasure of business men in Jacksonville in having the railroad men present and told several incidents to show that the railroads have been very cordial to Jacksonville in requests made during recent years as soon as the requests were thoroughly understood.

What Jacksonville would like to see done was taken up in a systematic way, road by road, and the committee had listed the various requests and copies were furnished to each of the railroad men. The thought was that while some of the matters submitted can reasonably have early attention that others are subjects for consideration to be submitted to various departments, with the hope that at a later time the requests can be granted.

First of all the hope was expressed for a union station in the course of a few years, not only because of its needs but from the fact that the location of the railroads as related to each other makes the plan very practical. Some of the suggestions presented are indicated below:

C. & A.

One good train to St. Louis. Restore original shopping service. Pave yards around station. Subway for East State street.

Wabash.

Additional train each way so that shoppers can get in and out, like old Ivy Tail.

Train leaving Chicago about 11:40 p. m., with thru sleeper. Appropriation for Wabash Park.

Subway for North Main street—very bad crossing.

Permanent concrete sidewalks, up to within 18 inches of rails and proper planing across the track.—All Wabash street crossing betterments.

Lowering of pipe (surface drain) at North Diamond street.

Paving Lafayette avenue south of freight station.

Paving around Wabash passenger station.

C. B. & Q.

Lower track or raise pavement of East State street crossing. Better service at ticket office.

Mr. Cotsworth said promptly that he believed early relief could be given in the matter of hours at the C. B. & Q. station, and that it is reasonable to expect that very soon the office will be open as usual. It was not the thought however, that immediate answers could be given to the questions presented. The purpose was rather to present in a concrete way some of the transportation needs of the city and then leave the subject for more mature consideration.

"Joseph and His Brethren," Westminster, Sunday night.

Mr. Stylish Dresser, Are You Ready for Spring?

If not, we would like to have you come in and see the wonderful selection of Men's and Young Men's two-pant suits which we are offering at

\$20 to \$35

You can also get a nice assortment in Golf Knickers at our store.

T. M. Tomlinson

SAYS GERMANY WILL ACCEPT CONDITIONS IMPOSED BY ALLIES

(Continued from Page One.)

conferences justified behind the back of the conference?

"Yes," replied the premier. "I consider such informal conferences essential. At the Washington conference which was a remarkable success there were innumerable informal discussions between the delegates. At all conferences it is the same thing. Such talks

are desirable and conducive to success."

German Questions Withdrawn.

German correspondents passed up several sheets of paper; they wanted to know the exact conditions under which the Russo-German treaty was arranged and signed.

"I regret these questions," said the premier, "and I hope that the German writers will not insist upon them. I think it prudent not to aggravate the situation."

The Germans withdrew the questions.

Mr. Lloyd George affirmed that in his judgment the work begun

at Genoa would be taken up and pushed forward by the league of nations. Asked if Germany and Russia should be members of the league he replied instantly.

"Yes."

"The league of nations can never do anything until all nations are members. With Russia and Germany absent more than half the population of Europe is without representation."

WILL MEET TODAY.

The Fine Point Club will meet with Mrs. Charles E. Scott this afternoon.

FIND IT IN BOOKS

Des Passos, John R. "Three Soldiers." This book is an accusation of military training and war in all its forms. The story takes three men from different walks of life and shows the way in which each reacts toward the war. They all three survive the war but are all broken in health and spirits by army life which the book describes in detail. It is not a pretty narrative, but a very engrossing one, a first hand study, finely imagined and powerfully created in spite of its sordidness. It probably will not find favor with the American Legion or with the Y. M. C. A. workers. Mr. Des Passos writes in the Latin rather than the American tradition, and as this is his first novel it is attracting attention all over America. Get it at the public library.

SECOND FORESTRY CONFERENCE HELD.

CHICAGO, April 20.—Claiming that Indiana, Iowa, Michigan, Minnesota, Missouri, Ohio, Wisconsin and Illinois have an average of at least 4,000,000 acres which are fit only for forest lands representatives from these states met today in their second forestry conference to arouse interest in the restoration of this land.

Conservation, reforestation and fire protection were the three issues up for discussion.

ASSISTANT TREASURER OF U. P. RESIGNS

Omaha, Nebr., April 20.—W. H. Sanford, assistant treasurer of the Union Pacific railroad, an employee of the company in Omaha since 1879, has resigned, effective today and is succeeded by Charles T. Cullen, of Omaha, a former paymaster.

The combined sales of all the London morning newspapers a century ago amounted to only 20,000 copies per day.

MOOSE DOING GREAT WORK FOR CHILDREN

Hon. Darius Brown Told Several Jacksonville Audiences Appealing Facts About Mooseheart—“Men and Women” of Tomorrow” Eloquent Speakers General Theme.

Honorable Darius Brown as a representative of the Loyal Order of Moose, made several ad-

resses in Jacksonville yesterday. Mr. Brown who is a former mayor of Kansas City and who has otherwise been prominent for a number of years past, had “Men and Women of Tomorrow” as the general theme of his address. He spoke to pupils of the high school in the morning, the Kiwanis club at noon, Routt college students in the afternoon and at night at a public meeting in the court house.

In visiting the various organizations and at the public meeting last night, Mr. Brown was accompanied by Charles Blesse, who is secretary of the local Moose lodge. At the night meeting Mr. Blesse as chairman introduced Mayor E. E. Crabtree, who later presented Mr. Brown as the speaker of the evening.

Mooseheart, Ill., the school that trains for life, located 35 miles west from Chicago and near Aurora, is the sensation of the educational and philanthropic fields and 1,028 children of the deceased members of the Loyal Order of Moose of the United States and Canada are being educated there.

More or Less Corns

It doesn't take a small corn long to interfere with your pleasure and often causes extreme distress. Don't forget too that a corn causes deformity of the feet. Banish all corns with the aid of OUR GREEN CORN PAINT. Easily applied, requires no bandages or plasters, dries quickly, removes the corn, callous or bunion without the slightest discomfort. If you want to try it the price is low.

Five years later the Vice-President speaking again in Mooseheart, the city of concrete and steel and happy children, said: “Thank God for miracles. Mooseheart is a miracle.”

The city has 1,023 acres of the most fertile soil and it has three rivers running through it and there is Mooseheart lake.

The United States government is using Mooseheart's vocational school to train disabled soldiers. The government officials say that “Mooseheart is the only school of its kind.”

Religious Discussion Barred.

“There are three subjects of controversy, the discussions of which are prohibited and barred, and those three subjects are sectarian religion, partisan politics and the controversies between worker and employer. The Jew and the Gentile, the Catholic and the Protestant, the Christian Scientist and the adherents of every religious faith meet upon a common level each tolerant of the religious faith or opinion of the other and each recognizing the right and privilege of the other to worship God according to the dictates of his conscience and according to his understanding of God's divine will. All we require is that each shall realize that we are all in the hands of a higher being, of a higher power.”

“The doctrine I am pleading for is the doctrine of the L. O. O. M. that no matter how low a man or woman may have fallen in the human scale, just so long as he or she shows an intention and disposition to live an honest, decent, upright life in the community, let's wash the slate clean and give them a chance. He that is without sin, let him cast the first stone.”

Altho we Americans eat better food, wear better clothes, live in better furnished homes and enjoy more comforts, conveniences and luxuries than anybody else in God's earth, yet we are brought face to face with facts and statistics which force the blush of shame to the cheek of every real American.

In the operation of the draft law it was found that 20 per cent of the boys of the land were physically and mentally unfit for the service of their country in their time of need. A disgracefully large percentage were unable to read and write the language of their country. Seventy-five per cent of all arrangements before our criminal courts are of boys under the age of 21 years. One boy in every three is in need of medical attention. Sixty per cent of the public school children are underfed and underweight. Four out of five receive only a grammar school education. Less than 10 per cent receive a high school diploma. Less than 3 per cent enter a college or university. Our government has a department of agriculture, but none for the youth.

Children in Good Health.

“First in the Mooseheart scheme is the purpose of keeping children in a vigorous state of health. Mooseheart is perhaps doing more than any other institution or community in developing her children to perfect types of manhood and of womanhood. A constant supervision, scientific feeding and a free out of door life, in accordance with the fixed and definite laws of nature are producing a normal growth and physical fitness. From all efforts to put the children

into a natural and healthful state combined with the excellent and instant medical care and nursing provided for all the children. Mooseheart has a health record which can not be excelled even among families having the best medical and hospital opportunities.

No Pay Student Admitted.

“I think the chief glory of the work is that no pay student enters Mooseheart, that only those are admitted who, by reason of death, father or financial adversity are deprived of the advantages of environment, education and training. “The children have very comfortable conditions, housing, food, clothing, school and amusements. They are free from any fear of poverty and suffering.”

“One of the main objects of the Mooseheart plan is vocational training, that is making the boy or girl proficient in some useful vocation trade or calling. Mooseheart has from the beginning made vocational training its aim. There are now in the school 30 useful vocations trades and crafts, including agricultural pursuits. The children select the vocation they are interested in.

The Religious Training.

“Every boy and girl at Mooseheart has an opportunity for religious training in the faith of his or her parents. One thing can be said of the city of Mooseheart that perhaps cannot be truthfully said of any other city in the United States or in the world that on each Sunday every child who is physically able attends Sunday school or divine worship. On Sunday, June 20, 1920, there happened an event which was unique in the history of the wide world. There was dedicated a site upon which will be erected a great building to be known as the House of God under whose roof will gather in peace and harmony the adherents of every religious faith represented by the children to worship God according to their understanding of His divine will.

No Corporal Punishment.

“There has never been corporal punishment at Mooseheart. The students govern themselves through assemblies. Pupils are punished by being given work and are also deprived of amusements.

“Every boy and girl in Mooseheart is given an opportunity for training in music, both vocal and instrumental, not that they become professional musicians but as a part of their training and development.

“This, my friends, is only a small part of the story of the work of the L. O. O. M. for the salvation of helpless childhood. How sordid, narrow and weakened must be the soul of the man who sees nothing but his own selfish individual benefit and adventure and has not interest in the welfare and happiness of those about him. I am satisfied that the most perfect way to be happy and to keep happy is to do and keep doing something for others, or to express in different language—the place to be happy is here, the time to be happy is now, and the way to be happy is to make others happy. Make the children at Mooseheart happy by joining the Moose if you are not a member. It will cost you four cents a week to help care for and educate a child at Mooseheart.”

DR. BANKS HEARD AT CENTENARY CHURCH

Gave Forceful Address on World Wide Prohibition Campaign—Says Anti-Saloon League Has Big Fight on Its Hands.

A good sized audience gathered at the Centenary church last evening to hear Dr. Louis Albert Banks, of Rosenberg, Oregon. He gave a very forceful address based on the leadership of America in the world wide prohibition campaign and the responsibility that developed there from.

Dr. Banks said that the Anti-Saloon League has the greatest fight on its hands now, that it ever had. Many think that the battle for prohibition has been fought and won, but not so. The liquor traffic boasts of having \$1,000,000,000 in its hands to fight prohibition. Where did they get that amount? There are nearly 3,000,000,000 drunkards within the coasts of Africa that need to be saved, from the demon rum. The Anti-Saloon League, whose aims are law enforcement and world wide prohibition is in need of staunch followers during the next five years who will see the issue thru.

At the conclusion of the address membership cards for the Anti-Saloon League were circulated through the audience.

EAT PRINCESS PIE

BRING PRISONER FROM BEARDSTOWN.

Owing to the high water at Beardstown the city has been compelled to place its law violators in other cities. The Cass county jail in Virginia is reported to be crowded with offenders.

Yesterday special agent Jones of the Burlington branch John Whitman here and placed him in care of Sheriff Weatherford for safe keeping in the Morgan county jail.

Whitman is said to be wanted at Oregon on a burglary charge. Last night Sheriff Weatherford received a telegram from Sheriff George D. Banning telling him to hold Whitman, and he was leaving at once for Jacksonville to return him to Oregon.

BRIEFS

(By The Associated Press)
KEOKUK, I., April 20.—The site in the office of the Standard Oil Company's warehouse here was blown open by robbers last night. Two hundred and fifty dollars was stolen.

DES MOINES, Iowa, April 20.—Home brew and other liquor manufactured in the home is safe in Iowa if it is not sold or transported. Judge Lester L. Thompson of the Polk county district court ruled today.

DANVILLE, Ill., April 20.—The Illinois Association of Banking Industry, ended a three days' session here today. The executive committee will decide on the city to entertain the convention next year. The following officers were elected: Walter Spitz, Danville, president; M. O. Densby, Chicago, vice president; George Gossler, Joliet, re-elected treasurer; J. C. Steger, Cairo, and Fred Mesmer of Mattoon were elected to the board of directors.

MILWAUKEE, April 20.—Walter Burke, Kenosha, lawyer, was sentenced to 5 years' imprisonment at Fort Leavenworth and assessed a fine of \$14,500 and costs for violation of the Volstead act, in federal court here today by Judge F. A. Geider.

SPRINGFIELD, Ill., April 20.—Deposits in 1,247 down state banks in Illinois increased \$21,918,574 the first two months in 1922, according to a bank statement issued today by State Auditor Andrew Russell. In Chicago, deposits in 154 state banks increased \$24,256,45. The report was of March 10, and the last previous report was December 31, 1921.

QUINCY, Ill., April 20.—Charles M. Gibbs, for 51 years station agent of the Chicago, Burlington and Quincy at Galesburg, Ill., a suburb of Quincy, died this morning, aged 84. He was born in Tennessee, where he held a chair in mathematics in a college before coming to Illinois.

LOS ANGELES, April 20.—Hope that the 13th or alternate juror for the second trial of Arthur C. Burch for the killing of J. Helton Kennedy would be selected early today was held by all officials connected with the case today.

Once that is accomplished the taking of testimony will begin, as the 12 regular jurors were selected and sworn in yesterday.

SPRINGFIELD, Mo., April 20.—Ezra Davidson, Dallas county farmer charged with the murder of J. W. Hunt and his wife near Red Top, Mo., today signed a confession to the crime and was removed to an adjoining county for safe keeping, according to word received here from Sheriff Tom Gover of Buffalo, who has the prisoner in custody.

HILLSBORO, Ill., April 20.—Lyle “Shag” Worsham of West Frankfort was acquitted of a charge of murdering John Mekenda, Nokomis coal miner in Montgomery county circuit court last night. Mekenda was killed in a brawl at Nokomis two years ago.

SAN FRANCISCO, April 20.—Charles Paddock of Los Angeles, world's sprint champion returned yesterday from Honolulu where he gave the islanders a close up of the globe's “fastest human” in action.

CAIRO, Ill., April 20.—Scores of marooned residents of Dog Tooth Bend who were rescued from threatened starvation by American Red Cross relief workers yesterday are expected to reach here tonight. A tent colony will be established for the refugees, the majority of whom are negroes. They will be brought here on two steamers who carried the relief workers to the stricken village.

WASHINGTON, April 20.—The rally of those of America's overseas dead who are to sleep forever in Arlington cemetery was completed today when the bodies of four officers and 62 enlisted men who died in France were buried with special military honors. Secretary Weeks and Major General Harbord, deputy chief of staff were present during the ceremonies as a mark of special honor to the dead because with the homecoming of these bodies the task of bringing back from France the 45,000 of the dead whose relatives desired that they sleep in American soil has been completed.

I appreciate the support given me by Third Ward voters in Tuesday's election for alderman.

W. T. HARMON

HAS ROAD MAPS.

R. R. Representatives Guests of Jacksonville

old Chamber of Commerce Forum That
Plan of Face to Face Conferences Will Get
Results—Local Needs to be Given Consid-
eration—S. G. Lutz, C. & A. Vice Presi-
dent, Made Address on Transportation

The transportation meeting ar-
ranged by the Chamber of Com-
merce Forum held the interest of
a members last night and a
large audience was present. Dr.
E. Black as president of the
forum presided and the special
guests of the event were S. G.
Lutz, vice president of the Chi-
cago & Alton; H. E. Watts, gen-
eral passenger agent of the
Chicago & North Western rail-
road; Albert Cotsworth, Jr., as-
sistant general passenger agent
of Chicago, Burlington & Quincy;
A. Behrle, assistant general
agent of the C. & A., and
M. Bostwick, chief clerk to the
ce president.

Addresses were made by the
forum men after Mayor E. E.
Crabtree as spokesman had brief-
ly summarized some of the needs
of Jacksonville with reference
to transportation and some im-
provements that it is hoped the
railroads will be able to make as time
passes along.

Before the transportation dis-
cussion began came mass sing-
ing led by Harlan Williamson, and
then a violin solo, "Spanish Ser-
enade," by Bohm, played by Miss
Van Tyle of the Conservatory of
Music, who gave "Sarabande" by
he same composer as an encore.
Miss Van Tyle, who plays with
musical ability, was accompanied
by Miss Helen Sorrells, Urie D.
Gouveia, with Willard Wesner as
accompanist, sang Gartner's
"Love is Mine" and in response
to enthusiastic applause sang "O
Didn't It Rain" by H. T. Burleigh.
Mr. Gouveia was in fine voice.

Mayor Crabtree reiterated for
the forum assemblage some of
the suggestions that had been
made to the railroad men at the
supper hour, when the chamber
of commerce directors and mem-
bers of the transportation com-
mittee and the railroad repre-
sentatives met at the Pacific.

The Face to Face Plan
Mr. Lutz speaking for the
Wabash, Mr. Cotsworth for the
Burlington and Mr. Lutz for the
C. & A. made it plain that they
very much appreciated the oppor-
tunity of coming face to face with
the citizens of Jacksonville and
getting first hand information as
to the local situation. They were

tion of the broad question of
transportation. He reviewed the
development of the railroad from
the early days down to the present
time. Mr. Lutz gave an explana-
tion of the 1920 transportation
act and some reasons why, in his
opinion, the act should not be
disturbed until a fair opportunity
has been given to see how it will
eventually operate as to the busi-
ness of the railroads.

The question of freight and
passenger fares was considered,
the reasons given why the increas-
ed revenues were necessary, and
further, some of the difficulties
in the path of suggested reduc-
tions.

The speaker also reviewed
some of the difficulties of the rail-
roads under federal control. The
whole subject matter presented
led up to a consideration of the
railroads and the future, laying
special emphasis upon the fact
that the business prosperity of
the country really depends upon
the right solution of the railroad
problem.

Local Men Talked.
Following Mr. Lutz' address
there were brief remarks by Mr.
Behrle and Mr. Bostwick. Then
local men were called upon to ex-
press their views, the group in-
cluding Charles Fiedler, who is
chairman of the traffic commit-
tee; Charles J. Buhner, T. M.
Tomlinson, J. W. Merrigan. Af-
terward came a social hour with
refreshments.

The arrangements for this meet-
ing were made by the forum com-
mittee with the capable assistance
of Secretary Welch.

CONGRESSMAN SHAW WIRE ABOUT BEARDSTOWN RELIEF

Congressman Guy L. Shaw, who
is a resident of Beardstown, has
a keen appreciation of what the
flood situation means to his home
city. That the congressman is en-
deavoring to be of all aid possible
is indicated by the following tele-
gram received yesterday by Mayor
Crabtree:

Washington, D. C.,
April 20, 1922.
E. E. Crabtree, Mayor,
Jacksonville, Ill.

Have sent from coast guards of
the port of Chicago Captain Maloy
with one commissioned officer,
four warrant officers, twenty en-
listed men and seven boats to
Beardstown for relief work in
saving lives and property. Cap-
tain Maloy this morning proceed-
ed to Naples and Meredosia and
other points down the river.
Steamer Kankakee left Paducah
yesterday with crew of forty-six
men equipped with life saving
boats, gasoline launches, etc. I
am in touch with Mayor Berger
of Meredosia on this situation.
If you find that further assistance
is needed please wire me and I
will see that it is sent if available.
Guy L. Shaw.

VISITED CAPPS PLANT.

A number of local visitor min-
istors had the privilege recently
of seeing the entire estab-
lishment of J. Capps & Sons in op-
eration. Those making the inspec-
tion trip were Rev. Smith, How-
ells, Robertson, Stickney, Tull and
Marback. They spent over an
hour on the tour and were very
deeply interested in all that they
saw.

The members of the local min-
isterial association are planning
to go to Waverly soon for a gen-
eral good time with the pastors
there. Although the date for the
occasion has not yet been set, the
Waverly association is preparing
a program and is anticipating a
general good time.

MORE TROUBLE WITH NORTH MAIN SEWER

There was a further cave-in of
the North Main street sewer yester-
day, which will cause a consid-
erable amount of labor and ex-
pense for the city. It will be re-
membered that two weeks ago a
portion of the sewer just outside
the city limits caved in, together
with the paving above it. This
part of the sewer was repaired and
was ready for filling, when a fur-
ther cave-in came at the south end.
The pressure of water has been so
great and continuous that the
damage has resulted.

ACCOUNTING ORDER IN BANK TRUSTEES CASE

Judge Smith Made Ruling Yester-
day in Suit Brought by Execu-
tor of Julius Strawn Estate
Against Former Jacksonville
National Bank Directors—Order
for Accounting Limited to
Fund Designated as No. One

Judge E. S. Smith in the circuit
court yesterday entered an order
in the suit of Gates Strawn as ad-
ministrator of the estate of Julius
Strawn, against A. A. Curry,
John R. Robertson and Henry
Oakes as trustees. The order
of the court provides for an ac-
counting of a trust fund estab-
lished in December, 1912, by the di-
rectors of the Jacksonville Nat-
ional bank.

The court also made a finding
to the effect that the trustees of
the fund referred to had no right
to participate in a second fund
of which Messrs. Curry, Robert-
son and Oakes were the sole trust-
ees.

This case has been pending in
the circuit court for the past four
years and has been carried on from
term to term as hearings have
been had on demurrers and plead-
ings. Much of the evidence was
taken by the master in chancery
and for the past two days attor-
neys have been occupied in read-
ing this evidence to Judge Smith.
In addition some oral testimony
was taken.

As a result of this finding the
trustees of the first fund are ex-
pected to file with the court a
schedule showing the disposition
made of \$80,000 in cash and some
thing more than \$400,000 in pa-
per.

In this proceeding John J.
Reeve and Bellatti, Bellatti &
Mortuary represented the trustees.
The Iven Wood estate, the James
Wood estate and the Henry Oakes
estate, while Mr. Strawn as ad-
ministrator was represented by
Judge P. Brockhouse and W. T.
Wilson of Jacksonville and Logan
Hay of Springfield.

The original action, as indica-
ted, was a bill for an accounting
by the trustees, who had collect-
ed in cash about \$80,000 and had
notes to the amount of something
over \$400,000. These notes had
been originally interchanged by
the directors of the bank, who la-
ter became the trustees of the
first fund, to take up certain
bank loans in accordance with the
views of the banking department.
It is interesting to note that all
but two of the original group of
directors who became trustees of
the original fund are now deces-
sed. The list included Julius
Strawn, Henry Oakes, John R.
Robertson, A. A. Curry, James
Wood, William Wood, Thomas
Worthington and T. B. Orear.

The second trust fund mention-
ed referred to the Gravel Springs
property, the packing plant prop-
erty and certain insurance policies.
It was agreed that the trustees of
this fund, A. A. Curry, Henry
Oakes, and John R. Robertson,
because of other considerations,
should have the benefit of any
surplus remaining after the
liquidation of the properties.
As already noted, Judge Smith's
finding included the opinion that
the trustees of fund No. 1 had no
interest in fund No. 2, and the
order for an accounting therefore
is limited to the original fund.

DEATH COMES TO WELL KNOWN FARMER

M. J. Doolin Passes Away Sud-
denly at His Home West of
Woodson—Coroner Rose Held
Inquest This Morning.

M. J. Doolin, a well known
farmer residing west of Woodson,
died suddenly at his home about
11:30 o'clock Thursday night.
Mr. Doolin had been in his usual
health and death came without
warning. Dr. R. R. Jones was
called but Mr. Doolin was dead
when he arrived. Heart trouble
is given as the cause of death.

Coroner Rose was notified of
Mr. Doolin's death and went to the
farm home early this (Friday)
morning and held an inquest. The
verdict was that death was caused
by heart failure.

Decedent was 60 years of age
and was born in that vicinity and
most of his life had been spent in
the Woodson neighborhood. He
was united in marriage in 1898 to
Miss Annie O'Connell, who sur-
vives. He also leaves five chil-
dren, Harry, Florence, Zeila, Eliza-
beth and Anna, all living at home.
Mr. Doolin was a member of St.
Bartholomew church at Murray-
ville. He had followed the occu-
pation of farming for many years
and was accounted successful in
his calling. He was a man honest
and upright in his dealings and
highly respected in his home com-
munity.

No arrangements for the funer-
al have yet been made.

J. A. CRUM STARTS
GARDEN OPERATIONS

J. A. "Pete" Crum of near Lit-
terberry, reports that he planted
Thursday ten rows of potatoes,
each thirty rods long, and one
thousand cabbage plants. He will
put in ten more rows of spuds to-
day. Mr. Crum says the soil in
his neighborhood is in good work-
able condition.

FUNERAL NOTICE

Funeral services for Louis
Carter will be held from the
Gillham Funeral Home at 2:30
o'clock Saturday afternoon.

SOCIETY

Ladies' Aid Met With
Mrs. E. L. Kinney

The Ladies' Aid society of Cen-
tenary church met yesterday af-
ternoon at the church for a busi-
ness and social session. Mrs. E.
L. Kinney the president, was in
charge of the meeting and a num-
ber of business matters were given
attention. A social hour fol-
lowed and light refreshments were
passed.

Sigma Phi Epsilon Supper at Capps Home

The members of the Sigma Phi
Epsilon society of Illinois College
were the guests at a delightful
informal supper given last even-
ing at the home of Mrs. A. T.
Capps on North Church street.
The affair was for the girls in the
active chapter of the society and
about twenty two guests were
present. The hostesses for this
function were Mrs. A. T. Capps,
Mrs. Ralph Dunlap and Mrs. Robert
Capps. The hostesses were
assisted in entertaining by Mrs.
John L. Johnson and Miss Adele
McQuiston. A delicious buffet
supper was served at seven o'clock
and this was followed by a pleas-
ant social evening.

Missionary Society Of Northminster Church.

The Woman's Home and Fore-
ign Missionary society of North-
minster church held its regular
meeting at the church Thursday
afternoon. Mrs. E. N. Pires was
devotional leader and Mrs. So-
phie Day literary leader. After
a very interesting devotional ser-
vice, Mrs. Emma Baptist and Mrs.
Myrtle Moore read some very
good articles on Home and Fore-
ign Missionary work. Special
music was rendered by Mrs. Ly-
dia Scott and Mrs. Jennie De-
Frates. Mrs. George L. Coraor,
the delegate to the Woman's Pres-
byterial society of Missions at
ason City, gave her report. Af-
ter a very good meeting a social
time was enjoyed and delicious
refreshments were served.

Inter-Society Banquet at High School Last Night.

One of the most delightful so-
cial events of the season at the
high school was given last even-
ing when the Forum and the Ju-
nior Senate joined in an inter-
society banquet. The affair was
given in the attractive rooms of
the Domestic Science department
and the excellent six o'clock din-
ner was served by the girls of this
department. The color scheme
was yellow and white and it was
very attractively carried out with
daisies, yellow candles and
pretty place cards. The excellent
menu consisted of fruit cocktail;
leg of lamb, mint sauce, mashed
potatoes, gravy, cream peas in
timbals, rolls, butter, tomato sal-
ad, vanilla ice cream with fresh
crushed strawberries, angel food
cake and coffee.

After the banquet a program
of toasts was given and Miss Em-
ma Mae Leonard acted as toast-
mistress. The following clever
program of toasts was given:

"Best Wishes," Harry Farris.
"Chauffeering," Clarence Wil-
son.
"Fools and Fame," Sarah Rus-
sel.
"Wise and Otherwise," Ruth
Fuller.

"Us in 1950," Mary Sims.
Principal and Mrs. B. F. Shafer,
Miss Irene Merrill, coach of
the Junior Senate and Miss Leon-
ard, coach of the Forum, were the
special guests at the banquet. The
committees in charge of the affair
included three from each society.
The committees in charge of the
affair included three from each
society. Miss Mary Sim was the
chairman of the Forum committee
and she was assisted by Misses
Frances Griswold and Carolyn
Doane. The Junior Senate com-
mittee was chairmanned by Shel-
don Nichol and included Albyn
Wolfe and Miss Jane Smith.

Hostess at Bridge

Miss Theresa Deutsch entertain-
ed the members of her card
club yesterday afternoon at her
home on North Church street.
Two tables were made up and the
afternoon hours delightfully spent
in playing. An attractive lunch-
eon was served at the close of the
afternoon.

Strawn's Crossing Club Met Recently

The Strawn's Crossing club met
Tuesday at the home of Miss Anna
McDonald. On account of the bad
roads there was not a very large
attendance. Mrs. William Cleary
read a paper on "Things Worth
While." Roll call was answered
by "Current Events." Excellent
refreshments were served. The
next meeting will be held May
2nd with Mrs. Robbins Strawn.

Trinity Women Hold Spring Sale

The bright colorful note of
Spring was evident in every de-
tail of the successful sale held
yesterday at Trinity Guild Hall
under the auspices of the Trinity
Guild. Mrs. Harry Edgerton, pres-
ident of the guild was in charge
of the general arrangements for
the affair and she was assisted
by every member of the woman's
guild.

The delicatessen table on which
all sorts of delicious home cooked
foods, fruit and pastry was for
sale was in charge of a commit-
tee chairmanned by Mrs. Lloyd
Brown and including Mrs. Charles
Fawcett, Mrs. Henry T. Capps,
Mrs. J. A. Bellatti, and Mrs. H. C.
Jones. A lovely display of at-
tractive aprons, useful, dainty and
pretty included some of the new-
est creations in French cretonne,
gingham, and fancy white em-
broidered aprons. Mrs. George
Mathews was the chairman of the
apron sale and she was ably as-
sisted by Mrs. H. M. Andre, Mrs.

Capps.

Something new and attractive
in the line of fancy baskets was
shown in the display of pretty
little colored reed baskets made
by the girls of the Junior Guild
under the direction of Mrs. H. M.
Edgerton. The baskets filled
with spring wild flowers made a
lovely display. Mrs. Charles W.
Brown was in charge of the rug
sale and a large number of beau-
tiful rag rugs were sold. The
Galapka Camp Fire group, of
which Miss Ursula Fawcett is the
guardian, had a candy table at
which delicious home made sweets
were sold. Mrs. Robert Allen
acted as the cashier for the sale.

From eleven o'clock until one
coffee and sandwiches were served
at little tables. Mrs. J. F.
Langston was in charge of the
serving of the coffee and of the
tea during the afternoon hours.
Mrs. Henry Yates and Mrs. W. T.
Capps had been asked to pour the
coffee and Mrs. J. G. Ames and
Mrs. W. T. Raynor poured tea
during the afternoon. Little tea
tables arranged with baskets of
pretty spring blossoms, blue bells,
violets, tulips, daffodils and oth-
er spring flowers, were set in the
guild hall and a number of infor-
mal tea parties were given during
the afternoon. Mrs. W. C. Brown
was hostess to a number of her
friends and others during the af-
ternoon enjoyed informal gath-
erings. Mrs. H. M. Edgerton en-
tertained a few friends and Mad-
ame Vere Sapio who is to give a
concert here this evening was the
guests of honor at this little af-
fair.

BIRTHS

Word has been received in the
city of the arrival of a daughter
at the home of Reverend and Mrs.
Raye Ragan, of Atlanta, Illinois.
The young lady has been named
Betty Rae. Reverend and Mrs.
Ragan resided in Jacksonville un-
til about six months ago.

WITH THE SICK

Mrs. W. H. Palmer of South
Jacksonville is confined to her
home by illness.

Mrs. Edward Hairgrove of Sin-
clair was hostess to members of
the Hebrew Helping Class Thurs-
day afternoon. The devotional
exercises were in charge of Mrs.
Hairgrove, and Mrs. Louis Ward
presented a paper on "The Gold-

en Rule in Business." Roll call
was responded to with the name
of a prophet.

After the program the members
spent some time socially and the
hostess served delicious refresh-
ments. Among the guests pres-
ent were Mrs. Wilbur Rogers and
daughter, Miss Mabel of Jackson-
ville.

Past Noble Grand Cult Met with Mrs. E. A. Olds

Mrs. E. A. Olds was hostess to
the Past Noble Grand club of Jack-
sonville Rebekah Lodge No. 13 at
her home, 215 West College ave-
nue, Thursday evening. There
was a good attendance and the
evening was spent in sewing and
conversation. During the evening
the hostess served delicious re-
freshments. The next meeting
will be held with Mrs. George
Brown, 996 East College avenue,
Thursday evening, May 18.

SALEM LUTHERAN PARSONAGE DEDICATED

Dedication services of the par-
sonage of Salem Lutheran church
were held Thursday evening at the
church. The principal address
was made by Rev. Hallerberg, for-
mer pastor of the church. A song
service was conducted in which all
took an enthusiastic part. An of-
fering was then taken for the re-
lief of the needy residents of
Beardstown, which amounted to
\$100.

AT THE CONCLUSION OF THE SERVICE

The audience was invited by the
pastor to view the parsonage.

MATRIMONIAL

Thompson-Angier.

The marriage of Noah J. Thomp-
son and Miss Helen Louise
Angier, both residents of Arenz-
ville, was solemnized in this city
at 1 o'clock Thursday afternoon.
The ceremony was performed by
Rev. T. H. Tull, pastor of Gr.
M. E. church, at his home on West
College Avenue. The bride and
groom were accompanied by Mr.
and Mrs. W. H. Herring, the lat-
ter being a sister of the groom.

Mrs. Thompson is a daughter of
Mr. and Mrs. George Angier, well
known residents of Arenzville. She
received her education in the
Arenzville public schools and has
spent all her life in that commu-
nity.

Mr. Thompson is a son of Mr.
and Mrs. R. G. Thompson of 134
Sandusky street in this city. He
has been engaged in farming for
some years and he and his bride
will make their home on a farm
in the Arenzville neighborhood.
They have the best wishes of a
large number of friends.

WITH THE SICK

Mrs. Harry Rice of Arnold was
a shopper in Jacksonville Thurs-
day.

The Bank That Service Built

A BUSINESS STATEMENT A HUMAN DOCUMENT

The business statement of the Metropolitan Life Insurance Company for 1921 contains interesting matter not generally found in the statement of a financial corporation. It relates to the human side of a great business. The Company's assets are more than one billion, one hundred and fifteen million dollars and its policies outstanding are more than twenty-five and a half millions. Many people hold more than one policy and the best estimate of the Company is that this number of policies insures, in round numbers, nineteen million individuals. As over twenty million of the policies are the so-called industrial, on which premiums are collected weekly by Agents who call on the policyholders' homes, this gives the Company with the financial strength of the Metropolitan an opportunity for health and welfare work. The statement published shows how the Company has accepted this opportunity.

While the year 1921 in the popular mind is put down as a year of dull business, life insurance has been an exception. The Metropolitan again held the record among all companies in the world in 1921 with \$1,564,789,597 new insurance placed on the books. Its assets increased more than one hundred and thirty million dollars, and its income was \$38,462,919 more than it was in 1920.

The lack of housing space in so many cities of the country, due to the lack of building during the war, caused the Metropolitan to make a systematic and widespread effort to build new moderate houses and apartments. During 1920 and 1921 the Company loaned, and pledged itself to loan, \$68,080,000 on new dwellings and apartment houses, providing homes for 17,774 families.

In 1921 the death rate among industrial policyholders reached its lowest point—31 per cent lower than it was ten years previous. The rate from typhoid fever decreased 71 per cent; from tuberculosis, 49 per cent; from Bright's disease, nearly 30 per cent, and from infectious diseases of children nearly 37 per cent. The records kept by the Company show that, compared with 1911, there were, in 1921, 55,000 fewer deaths than there would have been if the 1911 death rate had prevailed. While there has been a general public health movement and notable progress in medical science and sanitation, which contributed in part, there is evidence that a considerable factor in reducing the death rate among policyholders of the Company has been the widespread health campaign carried on by the Company.

The Metropolitan announces it will continue its best efforts for the improvement of health and the consequent saving of life, recognizing that the confidence which the American people have in the Company gives it still greater opportunity to serve them not only in insurance protection, but in the prolongation of life. Those who have the management of its finances believe that great opportunity brings great responsibility.

OLD CHAPIN STORE

BUILDING BEING RAZED

The old Onken Bros. store building, one of the landmarks of Chapin, is being torn down. The old building stands just east of the modern structure which Onken Bros. erected some years ago. The ground floor of the older building has been occupied for some time by a bakery and barber shop but it was recently determined to raze it because of the fire hazard.

NO OLD WOMEN NOWADAYS

Modern dress, hair dressers, facial experts and cosmetics all combine to keep women of all ages young and attractive in appearance. Not until the telltale wrinkles become so deep, the figure stoops, or some ailment or weakness develops to drag a woman down does she really look her age.

Every woman owes it to herself and her family to keep herself young in appearance, and happy. When headaches, backache or "the blues" develop or when a woman reaches the trying age from forty-five to fifty, Lydia E. Pinkham's Vegetable Compound may be depended upon to keep her in health as it has so many other women whose letters we are continually publishing in this paper.—Adv.

Arenzille, Ill.

WILL DECIDE FATE OF HEDDING COLLEGE

Much interest centers in the meeting of the Central Illinois Conference of the Methodist church to be held in Peoria on Wednesday, April 26th. Ministers of the central conference will be in attendance and at this time the fate of Hedding College will be decided. The question of whether Hedding College will be merged with Illinois Wesleyan at Bloomington, or whether it will remain at Abingdon, will be settled at this time.

In the opinion of educators in this section of the country the success of the Bi-Conference campaign to be conducted for Methodist colleges and universities in this section depends on the correct solution of this question. Illinois Wesleyan College as one of the colleges to benefit from this campaign for college funds, is especially interested in the outcome of next week's conference.

INFORMATION FROM REVENUE COLLECTOR'S OFFICE
G. W. Schwaner, collector of revenue has issued the following notice:

The Federal Revenue Act of 1921 requires all persons, firms and corporations manufacturing, bottling or producing beverages and constituent parts thereof to apply for and secure from the Collector of Internal Revenue of the District in which located, a Certificate of Registry, which Certificate must be hung or posted in a conspicuous place at your place of business.

It is reported that many manufacturers and proprietors of Soda Fountains, Soft Drink Establishments, etc., are not posting their Certificates.

Failure to post Certificates of Registry in a conspicuous place in your view of public will be considered a violation of the Internal Revenue Laws and Regulations, the penalty for which a fine of \$1,000 has been provided for.

Warning. If you have complied with the above requirements you have nothing to fear.

If you have neglected to apply for a Certificate of Registry or if you fail to post said Certificate when received a Deputy Revenue Collector is liable to call at any time and impose on you a penalty not to exceed \$1,000 as specified in the law.

It is a wise and economic policy for taxpayers to comply with the Law and Regulations and thereby avoid the imposition of penalties. Please be governed accordingly.

WILL HOLD LIVE

STOCK MEETING

A live stock meeting will be held at the Farm Bureau office Monday afternoon at 1:30, April 24th. At this meeting Dr. J. J. Litterer of the United States Bureau of Animal Industry will make

an address and will explain how herds may be tested for tuberculosis without expense to the owner. According to the government plan, compensation may be secured for all condemned animals.

This meeting will be of special interest to those who have taken out milk licenses under the new city ordinance, members of the breeders' association and live stock shipping associations.

The Farm Bureau films, "Out of the Shadows," and "Liars and Layers," will be shown at this meeting. The first film tells the story of a girl who contracted bovine tuberculosis and was cured at a sanatorium. The second film illustrates how to cull poultry. A special invitation is extended to women who are interested, to attend this meeting on Monday.

SCHOOL FOR DEAF TO OPEN SEASON

Will Play Off Local Baseball Lid Saturday Afternoon at Three o'Clock With Springfield High—Only Team Playing Here This Season.

There is only one representative baseball team in this city. It is the Illinois School for the Deaf team. This team will be seen playing games with some high schools this season. The deaf team will open its season Saturday when it plays Springfield high school at Illini field, (the athletic field at the state school). The game will start at 3 o'clock. Some time ago the team received new neat uniforms from Spaulding & Bros. The state school is having a well uniformed ball team for the first time since the year 1908.

Twenty five youngsters responded to the call for baseball candidates. They are already in practice. As a matter of fact, they started the regular out-of-door practice very late owing to the rainy weather. This is an unusual event. The men appeared in uniforms for the first time out on the half-dressed ball diamond last Tuesday. They are endeavoring to get in "shape" for the coming game. At present they are not playing up to their last year's standard. Accurate throwing and hitting are still lacking. No doubt, they will pick up in several days and will get their true form before long. Who will be on the line-up Saturday is still in question. Several days' practice will answer it effectively. Coach Burns is directing the practice and has some unusual problems which he is endeavoring to solve. He has announced the following schedule:

April 22—Springfield H. S. here.
April 28—Springfield H. S. at Springfield.
April 29—Missouri School for the Deaf at Fulton, Mo.
May 6—Blue Mounds at Blue Mounds. (pending.)
May 12—Missouri School for the Deaf here.
May 20—Decatur high school here.
May 27—Decatur high school at Decatur.
May 31—Peoria Manual training high school here.
June 3—Open.
June 7—Open.
The I. S. D. plays Springfield High school at the Illini field at Illinois School for the Deaf Saturday afternoon. The admission will be 25 cents. The game will be called at 3 o'clock. Probably W. T. Harmon will umpire the game.

Do You Sleep Well?

No—We are Not Doctors—We Sell Mattresses

Real Rest Depends Largely on the Mattress and Nothing But a Downy Layer Felt Mattress Can Be Truly Comfortable

This is a real 26 layer felt mattress made of fine cotton felt (built and not stuffed). Three rows of side stitching prevent it spreading and a sun bath is all that it needs to keep it soft and new. Don't think that because the price is low that this mattress is not as good as we say. Just compare it with anything at \$18.50. It is a real \$18.50 value. Just special this week at \$12.50.

Read the Description of This Davenport

and then after you see it, compare with those that others ask \$12 to \$15 more for. Heavy all oak (no veneer) frame, wide 4 inch arms. The bed inside is the famous SIMMONS spring. The upholstery is on all steel (no twine tying) springs. The lining is canvas (no burlap) and the covering is "MULESKIN" imitation Spanish leather, twice as heavy and guaranteed fully at \$45.00.

What the Consumer Buys is Service

WHAT you buy from the Standard Oil Company (Indiana) is service. This service may be expressed in mileage from gasoline or reduction of frictional wear from a lubricant or a good clear flame from kerosene. Every product made by this Company is designed to render a specific, definite service.

This service to be constant and dependable must be based—first upon highest technical knowledge and second upon permanency of organization. There can be no lasting service in any manufactured article unless there be stamina in the organization that makes it.

The Standard Oil Company (Indiana) has a long and honorable record in producing petroleum products of the highest quality.

This is because its organization is essentially scientific; because through a period of years it has built up a personnel of experts. These men know what the public demands from petroleum and they know how to create products which will supply this need.

Each product conforms to a standard, set to yield maximum service. The series of petroleum products made by this Company round out a cycle of service which supplies every need of the community.

As a specific example, take candles. One might think, that in these days of gas and electricity, the humble candle had been discarded, but it has not. Twenty-two million pounds of candles are consumed yearly in the United States, of which the Standard Oil Company (Indiana) last year produced 7,649,000 pounds.

Thus, through the long list of products made by this Company, the needs of small groups of people throughout 11 Middle Western States are recognized and cared for with the same forethought and efficiency, as are the wholesale requirements of motorists and manufacturers. This too, is service.

AMERICAN LEGION NEWS NOTES

ROCK ISLAND.—Believing it an admirable lesson in patriotism the Rock Island Post of the American Legion gave a moving picture portrayal of "The Man Without a Country" three days recently. Afternoon shows were arranged for the school children.

AURORA.—Jobs for 150 ex-service men of Aurora have been obtained through the American Legion drive which started in March.

CLINTON.—Local newspapers are printing blanks for the Ex-Servicemen's Free Employment Bureau which has been established here by the American Legion. Lodges, churches and clubs and the Y. M. C. A. are co-operating with the Legion.

CHICAGO.—Fourteen thousand residents of Chicago signed their names to a petition to congress, within seven hours recently, giving the greatest single day's addition to the great army of signers, who support the American bill for World War veterans.

Robert L. Turner, an active worker for the petitions, secured the names of the entire enrollment of the 122nd Field Artillery about 1,000 signatures.

CHEYENNE, Wyo.—Poison gas which A. M. Thompson, Cheyenne policeman, inhaled in France during the war four years ago, has just caused him to lose 26 teeth, according to a report made by the American Legion. The policeman recovered from a long illness after the teeth had been removed.

NEW YORK, N. Y.—Smarting red eyes among the Brooklyn, N. Y., school children caused several shop owners to be hauled into court. It was found that merchants were selling a war time device for purifying water consumed by soldiers as "toy bombs" which threw off poison fumes upon exploding.

EMPORIA, Kan.—So confident are the ex-service men of Emporia, Kansas, that the adjusted compensation measure will be passed by the Senate that the American Legion members of that place have pledged \$3,000 of the expected money as the nucleus of a fund to erect a suitable community club house.

INDIANAPOLIS Ind.—In Korea where Ford's cost \$1,012.50, former members of the A. E. F. have banded themselves together under the leadership of M. L. Swineheart, treasurer of the Southern Presbyterian mission of the Hermit Kingdom, and formed a post of the American Legion. About a dozen ex-fighters, most of them missionaries make up the post membership.

CHICAGO.—The superstition that all army top sergeants are "hard boiled" took wings when an investigator unearthed one top kick in Chicago who is spending his time trying to locate jobs for ex-service men as his part of the American Legion's campaign to find work for World War veterans.

MEMPHIS, Tenn.—When two desperate criminals broke jail at Springfield, Tenn., and took refuge in the woods the chief of police called on the American Legion after his own force had failed in its efforts to capture his former guests. The ex-service men formed a battle line and the two fugitives were landed back in the calaboose.

LITTLE ROCK, Ark.—A thorough canvass of the ex-service men of Stuttgart, Ark., failed to bring to light a single unemployed veteran. The unemployment committee of the American Legion was formed to function so it dug two jobs for men already employed which were better than the ones they had.

INDIANAPOLIS, Ind.—The United States would become a second rate naval power, weakened in its maintenance of the Monroe Doctrine and important in international affairs should powers, according to Hanford MacNider, national commander of the American Legion, in a telegram to President Harding, declaring that American ex-service men upheld the administration in its stand for an adequate Navy.

Pledging the Legion's support of Harding's "wise and patriotic stand for the retention of a sufficient number of officers and men to man the fleet," Mr. MacNider warns that "never again can we hope to prepare behind the fleet of another nation as we did in the World War."

The recent order placing 159 destroyers out of commission and other plans which the congressional committee has reducing armament and personnel of the Navy will reduce that arm "to less than three as compared to the five provided for our relative standing among the great navies of the world," the Legion chief says.

Men who served during the World War believe the present tendency toward extreme naval reduction is "disastrous for many reasons," Mr. MacNider says, adding that "the sense of false security engendered by unmanned

ships would be fatal in times of stress." "The American Legion is squarely behind the administration in its stand and believes that when the country at large awakes to the magnitude of this threat to our national safety it will make itself heard in language unmistakable," the wire concludes.

AVERAGE OF STREET RAILWAY FARES.
CHICAGO.—The average rate of fare charged by electric street railways of the United States based on rates in effect in 275 cities of more than 25,000 population was 7.37 cents on March 1 of this year, according to a compilation made by the American Electric Railway Association.

The report shows that the average rate of fare was 5.09 cents in December, 1917, "but due to the increased cost of operation during and after the war, fares were increased throughout the country by the regulatory commissions until they reached an average of 7.46 cents in November, 1921."

Ten cent cash fares are now charged in 140 cities while five cent fares are charged in 28 cities. The report shows other rates of fare as follows: Nine cent cash fare, 6 cities; 8 cent cash fare 83 cities; 8 cent cash fare and 1 cent transfer charge 26 cities; 7 cent fares 7 cities; 6 cent, city zone 1 cent charged outside, 1 city; 6 cent city zone, 6 cent fare outside

zones, 2 cent transfer charge, 10 cities; 7 cent cash fare 169 cities; 6 cent zones 1 city; 6 cent zones average length 2 miles, 1 city; 6 cent cash fare 103 cities; two 5 cent zones, 2 cities; 5 cent city zones, 5 cent outside, 14 cities; 5 cent fare additional charge for transfers, 7 cities.

LOOK FOR LARGE CROPS THIS YEAR.

CENTRALIA, Ill. — Indications point to one of the largest fruit and vegetable crops in Illinois of recent years, according to C. E. Durst, director of the fruit and vegetable marketing department of the Illinois Agricultural Association.

"There always is the possibility of a frost," he said, "but if we have no trouble from that score not only Illinois but all other fruit states will have a tremendous production."

The acreage of Illinois vegetables, according to Mr. Durst, is one of the largest that has been shown.

A Business Statement that is a Great Human Record

HOW WAS IT DONE?

Records kept by the Metropolitan Life Insurance Company show an extraordinary decrease in the death rate among its Industrial, or weekly premium, policy-holders. Comparing 1921 with 1911, for example, there were 55,000 less deaths in 1921 than there would have been if the 1911 death rate had prevailed.

What brought about the great saving of life?

The general public health movement—progress in medical science and sanitation—other causes, perhaps. But a very great factor has been the tremendous health campaign carried on by the Metropolitan itself. This page tells a part of the story.

FOR THE NATION'S HEALTH

144 health exhibits and emergency hospitals at county fairs last year; 295 "Clean-up" campaigns; agitation by Agents for health legislation; nationwide campaigns against special diseases; sickness and sanitary surveys; a study of municipal health departments; leadership of practically all American research work relating to influenza—these are some instances of the Metropolitan's activity in the interest of public health.

HOMES FOR 17,744 FAMILIES

In the investment of its funds, the Metropolitan is now giving preference to loans which will aid housing. During 1920 and 1921, the Company made and pledged loans of \$68,080,017, on new dwellings and new apartment houses, providing homes for 17,744 families.

GREAT DECLINE IN DEATH RATES

The death rate among Industrial policy-holders reached its lowest point in 1921—31.9% lower than in 1911. The rate from typhoid decreased 71%; tuberculosis, 49%; Bright's disease, nearly 30%; infectious diseases of children nearly 37%. The "Expectation of Life" of white males (reckoned from age 10) increased 4 years.

PUBLIC APPRECIATION

The American people have made the Metropolitan the greatest life insurance company in the world, with \$7,005,707,839 in force.

It leads not only in Industrial but in Ordinary. More than half of its business in force is Ordinary—\$3,892,267,274—which is more than that of any Company in the world.

THE FUTURE

The Metropolitan will continue its endeavor to offer the best there is in life, health and accident insurance, and to save human life. Continued growth will give the Company still greater opportunities to serve the American people in insurance protection and in the conservation of life and health.

WHITE HALL CHURCH PLANS ENLARGEMENT

Baptist Church of White Hall
Raising Funds for Addition to
Church Edifice.

WHITE HALL, April 20.—A
campaign is now in progress in
the White Hall Baptist church for
the raising of funds to erect an
addition to the church.

The first Baptist church is the
oldest church organization in
White Hall. It was organized
in 1827, probably in a log cabin
on Henderson creek, near the
present site of the bridge over
Seminary creek, immediately
south of White Hall, then known
as Henderson creek. John Eby
who visited this locality in 1826,
states that at that time there was
a group of cabins on Henderson
creek at the point above mention-
ed. The church seems to have
had no regular place of worship,
meeting from time to time in var-
ious private homes and later in a
brick school house standing on
the site of the present soldiers'
monument in the White Hall
cemetery. After the present city
of White Hall was laid out in 1832
the church began worshipping
in buildings on the town site, but
seems to have had no permanent
place of worship until the spring
of 1844, when they began to erect
a frame building on South Main
street on the west side, north of
the present Catholic church.

The principal leaders in this
movement to build a church were
Ephraim Harper, Aaron Hicks,
"George Kendall" and Benjamin
Smith. George Kendall hauled
the logs to the saw mill and the
lumber to the site of the church.
Immediately in the rear of this
building was a Hardshell Baptist
church, which was often used as
a school house. The old First
Baptist church building was a
historic structure. In the fall of
1844 Stephen A. Douglas, then
democratic candidate for congress
and D. M. Woodson whig candidate
for congress, held a joint debate
in this church building, which
was full to the doors. Many
pioneer preachers held services
there whom we may mention Dr.
John Mason Peck, D. D., Aaron
Dodson, Moses Lemon, Dr. Justus
Bulkeley, D. D., and B. B. Hamil-

ton. Flora Hamilton Cassel,
daughter of B. B. Hamilton, was
organist for a number of years.
She wrote "The King's Business"
and other hymns that gave her an
abiding place of note among the
great hymn writers of modern
times. A short biography of this
noted lady is on file among the
White Hall historical manuscripts
in the White Hall library.

In 1890 Rev. Herbert L. Deer
came to White Hall and led the
church in a great revival, which
resulted in numerous additions to
the membership. The building
erected in 1844 had become en-
tirely inadequate for the needs
of a modern church, and it be-
came necessary for the future
welfare to erect a more modern
and commodious building. Lots
were purchased on Carrollton
street on the present site, and
erection of the existing building
was begun in the spring of 1891,
it being completed and dedicated
in the autumn of the same year.
The cost was about \$3,000. The
leaders in this movement were the
pastor, Rev. Dorr, Seneca D. Cha-
pin, Thomas Duncan, Milton Pit-
tenger, Dr. A. Bowman, W. W.
Hubbs, John Higbee, J. H. Graves,
Dr. H. A. Chapin, Henry Morris,
and others, chief among whom
were the societies of ladies, in-
cluding Mrs. Margaret Pearce,
Mrs. Minnie Conlee, Mrs. Eliza-
beth Duncan, Mrs. Pittman, Mrs.
Caddie Chapin, Mrs. Sarah E.
Wendell.

This building had and still has
the smallest seating capacity of
any church building in White
Hall, except that at that time
there was a small frame building
on Bridgeport street belonging to
the Free Methodist congregation,
afterwards sold to the Christian
church. The seating capacity is
only 25, and the church member-
ship at present, actually resident
on the field, is 250. The building
has no modern accommodations
for a Sunday school, no class
rooms, no auditorium capable of
seating the whole Sunday school.
The attendance at Sunday school
will average over 250, and on
Easter Sunday the attendance
was 313. The Men's Bible class
has been compelled to move to the
Princess theater in order to se-
cure adequate accommodations.

During the pastorate of Rev. O.
A. Carmean plans were formu-
lated for remodeling the present
building and building an extensive
addition on the south side. Rev.
Carmean closed his work as pas-
tor on the 15th of October, 1921,
and in December of the same year
the church extended an unani-
mous call to the present pastor,
Rev. L. E. Ellison, who took
charge on the 15th of February
last, settling on the field with his
wife in March. Rev. Ellison is
a preacher of power and ability,
and has a record of successful
work on every field he has oc-
cupied as a pastor. He came highly
recommended by denominational
leaders in the state, and is pro-
viding his value as a leader and
preacher. His sermons are in-
spiring, instructive and evan-
gelistic, and he is drawing crowded
houses. Under his inspiring lead-
ership various committees, such
as the church board, composed of
the deacons and trustees, and the
finance committee are pushing
plans for raising the necessary
finance and procuring estimates
and plans for the proposed ad-
dition to the present church build-
ing. The finance committee this
week is proceeding vigorously
with the canvass calculated to
reach and enlist financially every
resident member.

There is no question as to the
necessity for these enlarged quar-
ters, and all friends of the church
are asked to participate in this
worthy community enterprise in
a way that will bring to a reality
a church institution that will be
worthy of the large representa-
tion of Baptists that compose the
community of White Hall and all
the surrounding territory. It will
be necessary to raise at least \$20,-
000 for this purpose, of which
amount the sum of \$5,000 is al-
ready in sight. Contributions
are being asked also in the install-
ment plan, payable in five years.

NOTICE TO TAX PAYERS

The tax books are now in
the collector's office and
taxes extended stand as
judgments against all parties
mentioned therein.

Persons paying on person-
al property only should pay
the tax promptly and avoid
trouble and expense in col-
lection. The judgment reads
as follows: "In case any per-
son named in said books shall
neglect or refuse to pay their
personal tax, you shall levy
the same by distress and sale
of goods and chattels of such
persons." Parties paying on
real estates should bring their
old tax receipts to save time
and avoid mistakes. If pay-
ing thru the banks, leave your
old receipts with your bank
as soon as possible.

NO NIGHT SERVICE AT BURLINGTON OFFICE

Announcement has been made
by the Burlington that its office
in this city will be closed at night
hereafter. This action on the
part of the railroad is due to the
general falling off of business re-
sulting from the coal strike.

E. A. Livesey and E. J. Chris-
topher, who have been employed
by the Burlington as second and
third track operators, have been
laid off, and the station will be
closed from 6 o'clock in the even-
ing until 6:30 in the morning.

Friday Night April 21

ARENZVILLE

John Joekel of Clayton is here
for a visit with his grandfather,
John Joekel, Sr.

Henry Zahn was a guest of his
daughter and family, Mrs. John
Berger, in Jacksonville, recently.

Ernest Curry of Beardstown is
visiting at the home of J. A.
Weeks and family this week.

Miss Mabel Irving spent Easter
in Jacksonville with her niece,
Miss Mabel Gates.

Miss Nora Lovekamp was a
Jacksonville shopper recently.

Mrs. John Stock returned from
Beardstown the last of the
week.

George Schaefer of Beardstown
is spending the week with his
sister, Miss Mary and his brother,
Charles.

Mrs. Lloyd Yeck and children
spent Easter in Jacksonville.

The Misses Elizabeth, Lena and
Emma Dahman of Beardstown are
here for a visit with their
brother, George Dahman, during
the flood period.

Mr. and Mrs. Slekman and
daughter of Beardstown are
guests of their daughter, Mrs.
Henry Witte and family.

Mr. and Mrs. Al Knippenberg
spent a day recently at Mere-
dith.

J. A. Weeks, daughter, Miss
Maude, and Miss Hazel McCarty
and Ernest Curry of Beardstown
spent Sunday at Concord with
Howard Rentschler and family.

Mrs. Arthur Schmidt and son
Luther and daughter Marie came
Sunday to stay with the former's
father, John Schaefer during the
high water at Beardstown.

Mr. and Mrs. Philip Stock and
family of near Monroe were re-
cent guests of Mr. and Mrs. Albert
Weeks.

Mrs. Pete Zahn and son Elmer,
Mr. and Mrs. Oliver Zahn and two
children were in Beardstown re-
cently to view the high water.

Mr. and Mrs. Edward Hinners
of near Hegener were business
visitors here Tuesday.

DAVIS SWITCH

Mrs. Thomas Sheppard of Colo-
rado is spending a few days with
Mrs. J. H. Devore. Mrs. Shep-
pard will also make a visit with
Mrs. Lambert Hastings in Jack-
sonville before returning to her
home.

W. W. Crowe, who lives with
his son, Frank and family in
Beardstown, is spending a few
days at the home of Jack Leach.

Shoes Repaired As They Should Be

New Shoe prices are lower,
but not so much so that you
will feel like throwing them
away while the uppers are
good. Let us repair them.

Your Home Needs a VICTROLA

Excepting the articles of ordinary household necessity, its
possession means more than anything else. The Victrola be-
comes a living part of your home life. It is a daily companion.
It is ready at a moment's notice to yield its good cheer—to up-
lift—to inspire—to complement your every mood—to make
every day a happier one.

We believe that there would be a Victrola in your home if
you could know how easily it may be bought. Our plan of
paying for it in payments of \$5 or \$10 or \$15 each month makes
it possible for every one to enjoy one of these wonderful instru-
ments.

Duplication

It is so disappointing for brides to receive presents which are duplicates.
A customer who was in this store recently selecting a wedding gift for an after-
Easter bride gave us a new idea. She said:

"It is so satisfactory to select wedding presents here because you
people always know what has already been bought for the brides.
This is a fact. We keep a careful record of gifts selected for brides and are al-
ways glad to assist customers to avoid duplication.

dition. T. V. Correa, 845 E.
State. 4-19 tf

UNITED STATES
STEEL TAKES JUMP

By Associated Press.
NEW YORK, April 20.—Busi-
ness on the stock exchange today
began with many indications that
the session would establish a re-
cord in activity and breadth for
three years but operations slack-
ened visible into the intermediate
and final period. Aside from
1004 its highest quotation in
exactly two years and the new
maximums made by other leaders
of the industrial and railroad
divisions the session developed no
spectacular features.

Further ease in monetary con-
ditions was evinced by local
money rates and international
currencies seemed in no serious
degree disturbed by latest aspects
of the Genoa conference including
Russia's refusal to pay her war
obligations.

The firmness of coal shares was
evident as the coal strike
influence, this was supplanted
by advices from centers of
steel and iron production mostly
of an encouraging tenor. Total
sales amounted to 1,435,000
shares.

All call loans were placed at
3½ per cent. Time funds were
plentiful and private loans on
approved collateral were made for
the shorter dates at 4½ per cent
the same rate applying to good
names on commercial paper.

Sterling's reaction to the for-
eign situation was a decline of
3 of a cent allied bills easing 3 to
5 points.

Liberty issues rose and fell
within narrow bounds closing for
the most part at gains.
Today's bond sales (par value)
aggregated \$22,147,000.

FOR SALE—Team three year old
draft colts, been worked. G. L.
Stice, St. Clair. 3-19 tf

FOR SALE—Resprayed plants;
two of very best varieties. Phone
50-748. 4-2-1mo.

FOR SALE—Barred Rock eggs
from splendid laying strain, 75
cents per sixteen. \$4.50 per
hundred. Mrs. W. T. Scott.
Phone 906-4. 3-17-tf

FOR SALE—Modern 10-room
house, \$3,800 on terms. Two
lots, fruit trees, berries, grapes,
garage, chicken house, ½ block
from paved street, 3½ from car
line, 8½ from square. Address
"F. E." care Journal. 3-21-1mo

FOR SALE—Very reasonable,
modern home, close in. Good
location; 9 rooms. Why pay
big rent—pay on your home.
Cash or terms. Address "Rea-
sonable." 3-17-tf

FOR SALE—Team of blacks, mare
and horse; weight about 2800
pounds. Phone 50-1247. 4-5-tf.

FOR SALE—60 day seed oats, 10
days earlier than other vari-
eties. E. E. Kitcher. 4-11-tf.

WHEAT MARKET
AVERAGED LOWER

By Associated Press.
CHICAGO, April 20.—Uncer-
tainty over developments at the
Genoa economic conference tend-
ed to make the wheat market here
average lower in prices today, es-
pecially as quotations from
Liverpool showed a setback. The
closing in Chicago was unsettled
at 1 cents net decline to 3¢ ad-
vance, with May \$1.45 to \$1.43½
and July \$1.25½ to \$1.23½. Corn
finished unchanged to 1¢ off, oats
up a shade to 1¢x and provisions
unchanged to 15 cents
higher.

Gossip that foreign buyers
again were about to enter the
wheat market led to a moderate
rally in prices during the final
dealings, but values otherwise
throughout the greater part of the
day were inclined to sag and there
was an absence of any indication
of aggressive demand. Besides
the misgivings due to Genoa ad-
vices and to lower prices at
Liverpool a movement here to
move grain in cars on track for
regular delivery on contracts were
factors.

There were also continued sales
of wheat to go to store here altho
the amounts were relatively small
compared with the supposed big
shortage required to fill May con-
tracts.

Spreading operations ascribed
to northwest interest in wheat
led some attention in the wheat
pit. The spread consisted in the
simultaneous buying of July de-
livery of wheat and the selling of
September.

Corn and oats prices held in-
side of narrow limits, with trad-
ing chiefly of a local character.
Provisions were mostly a little
higher in response to an early up-
turn of hog values.

Chicago Livestock Market

By Associated Press.
Chicago, April 20.—U. S. Bu-
reau of Markets—Cattle—Re-
ceipts 10,000. Active. Beef steers
generally 19 to 15¢ higher, spots
25¢ up on common and medium
grades; top \$9, weight 1,041
pounds; several loads \$8.75@
\$8.99; yearlings scarce, part load
at \$9; bulk beef steers \$7.50@
\$8.50; the stock strong to 15¢
higher; bulls and veal calves
about steady; stockers and feeders
firm; bulk fat stock \$5.25@
\$6.35.

Hogs—Receipts 20,000. Open-
ing strong to 10¢ higher, closed
weak, early advance lost or mostly
steady to 10¢ lower than yester-
day's average. Shippers bought
about 1,500; holdover fairly lib-
eral; top \$10.70; early practical
top \$10.60; packing sows strong
to 10¢ higher; pigs slow, steady;
\$9@9.75.

Sheep—Receipts 8,000. Killing
classes steady to 25¢ higher; top
wooled lambs \$15.50; top shorn
\$11; bulk shorn \$13@13.55;

MISSIONARY FROM EAST AFRICA SPOKE

Dr. W. C. Terrell, Methodist missionary of Portuguese East Africa made an address to the students of Illinois Woman's College yesterday morning at Chapel taking as his subject "The Missions in East Africa." Dr. Terrell is in Jacksonville as a member of the Life Service commission team of the M. E. church.

MINISTER THANKFUL

"I had stomach trouble for nearly 20 years, also constipation which filled my system with gas and fever. I could not do my work, and while I was down sick a lady from out of town sent me a bottle of May's Wonderful Remedy which proved truly wonderful. I believe it is the best medicine on earth." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

RECEIVES WORD OF SISTER'S DEATH

Joseph Palasky received word yesterday of the death of his eldest sister, Mrs. Christina Cluse at her home in Quincy, Mr. and Mrs. Palasky and children left for Quincy yesterday to attend the funeral which will be held Friday morning from St. Mary's church.

CARD OF THANKS

We wish to express our sincere thanks to the friends and neighbors for their many acts of kindness during the illness and after the death of our sister, Miss Blanche Jones. Also for the many beautiful flowers. Sidney Jones and Family.

DANVILLE RESIDENT MEREDOSIA VISITOR

George Telling of Meredosia is Land Owner in the Meredosia Flooded District—Other Meredosia News of Interest.

Meredosia, April 19. — George Telling of Danville arrived Tuesday. He is very much interested here at present as he has quite a bit of land across the river back of the levee.

Mrs. Anna Keener and grandson, Dean Dawson, of Naples, are guests of L. F. Berger and family. Mr. Breidenbend of Mt. Sterling was over Monday to see the high water.

Some of the grade teachers of the Chapin school brought their pupils over to Dosh in big wagons Tuesday to view the high water.

Henry Hinners was a guest of his son Arthur in Chambersburg Tuesday.

Mrs. Donald Pond is entertaining her mother from Bluffs this week.

Ed Schafer made a business trip to Jacksonville Wednesday.

Vade McDaniel has moved his family here from Beardstown to get out of the flood.

Raymond Scott and wife and Hazel Kuhnman were shopping in Jacksonville Tuesday.

Mrs. Mollie Wackerle came over from Bluffs Tuesday and will spend a few days at her home here.

Mrs. Lave Moss and children came up from Winchester Wednesday and will remain here a few days at the latter's home.

Howard Nuner has moved his family from Beardstown here to the home of his parents where they will remain until the flood is subside.

Theo Brandt was a business caller here from Mt. Sterling on Monday.

The river fell two inches Wednesday owing to the fact that the levee north of town broke. If the fall continues and there is no more rain or high east wind there is a chance to save the levee across the river.

J. BART JOHNSON IS HONORED

According to word received in the city yesterday by J. Bart Johnson he has been selected by the illustrious Potentate of Anas Shrine, Springfield, as a member of the band which the Anas Temple will send to San Francisco early in June. Each year various shrines send a patrol and a band to the Imperial Council, the national gathering of the order which will be held this year in San Francisco. There will be about fifty men in the patrol and fifty in the band which will be sent by Anas Temple of Springfield. As far as is known at present Mr. Johnson will be the only representative from Jacksonville to attend the Frisco council.

LEEVE IN GREENE COUNTY GIVES WAY

Breaking of Hartwell Levee West of White Hall Wipes Out all Levy Work Along Illinois River in Greene County — Other White Hall News.

WHITE HALL, April 20.—A slide at the pumping station of the Hartwell drainage district on the Illinois river, west of White Hall, caused such apprehension during Wednesday that the remaining farmers were ordered out forthwith with their live stock and all belongings. The order was issued by Emil Schaem, manager of the ranch, and at the same time every effort was being put forth to save the levee. A high wind prevailed all day Wednesday which diminished at sunset, but by midnight last night the break had assumed such proportions that the water began to rapidly inundate the entire 8,000 acres, probably half of which is devoted to wheat. The north line of this district is bound by the C. & A. track, which remains intact, the only railroad line that has been able to continue operations in the Illinois valley during the present flood season. North of the C. & A. track lies the Hillview district of 14,000 acres. Heroic efforts are being put forth to save this district. It represents probably the best construction along the Illinois river, and the work is showing for itself at the present time.

The breaking of the Hartwell levee wipes out all levee work along the Illinois river in Greene county from the C. & A. track south to the Jersey county line, a distance of 23 miles along the river front. The Fairbanks levee went out last week, along with the Eldred levee further south. The Wilson works gave way at noon Tuesday, adding some 4,000 acres to the watery waste. The acreage now covered in this flooded area will approximate 30,000, half of which is devoted to wheat. The Boyle levee at the lower end of Greene county was said to be still holding on Wednesday, but there was no question that the water would gradually inundate that exception.

There is naturally considerable suffering and privations, but various agencies are caring for the unfortunates, many of whom are being cared for in homes at Hillview and Eldred, while some have come to White Hall. Mrs. Frank Orton arrived at White Hall with her children last Monday. The family was located at the northwest corner of the Hartwell district, adjacent to the C. & A. railroad bridge. Mr. Orton remained on the scene to fight the water. Congressman Guy L. Shaw is keeping in touch for rendering government aid.

E. M. Phillips, Greene county farm adviser, was in White Hall Wednesday soliciting aid for flood sufferers. He says there is considerable suffering as a result of the flooding of the Fairbanks district of 11,000 acres last week. All of which spells practical ruin to these areas.

A. L. McClay has given notice to his tenants in the Hillview district to vacate at once. This is evidence of the unsafe condition of that territory, neglected by the very best levee embankment, and should it go every drainage district in Greene county will be flooded. The Nutwood district in Jersey was holding out in good shape last night. This is the principal levee work in that county.

The weekly weather and crop report of the local station of the weather bureau gives a summary that shows that a total of 7.41 inches of rain fell during April up to the close of the rainy period on the 17th inst. The rains have been coming intermittently with greater or less force since March 11th, and the grand total since that date is 15.38 inches, a record without a parallel at White Hall.

Freezing temperature was recorded on the morning of the 18th but no damage has been detected, the freezing point holding but a short time.

OBITUARY

Andrew Brown passed away Monday morning at 3:12 o'clock, at the home of his sister, Mrs. W. H. Lamkular, 4 miles north of Sinclair, after a brief illness of a little over one week.

The deceased was born on a farm near Sinclair March 22, 1854, at the time of his death he was 68 years, 25 days old.

He leaves to mourn his loss Tyre S. Brown, a brother, of Ashland; three sisters, Mrs. Julia Enteklin, of Lexington, Neb., Mrs. S. J. Perkins of San Antonio, Texas, and Mrs. W. H. Lamkular, of Sinclair. His parents, three brothers and one sister preceded him in death many years ago. He also leaves many other relatives and friends.

He was a kind, obliging neighbor as long as he was able, if any help was needed in time of sickness he was always ready with a helping hand either day or night.

By his death another long time resident has been called to his reward.

Quite unassuming he will be missed by his friends from their midst, but the All-wise Father doeth all things well. "His will not ours be done."

ALARM CLOCKS

Long delayed shipment, just arrived, standard makes. Must close out quickly as am overstocked. "Before-the-War" prices. Buy, and be "on time." PRICE'S Jewelry, E. State.

Mr. and Mrs. John E. Hall of Springfield were in the city visiting with friends yesterday. Mr. and Mrs. Hall formerly lived in Jacksonville.

MURRAYVILLE

The excellent Easter program entitled "The Cross Triumphant" was given Sunday evening at the M. E. church. Much credit is due the committee in charge the teachers and pupils for their efforts in preparing such a splendid program. The church was beautifully decorated with ferns and potted plants, also colored foot lights had been installed which added beauty to the occasion. The program follows:

Introduction — All Hail the Power of Jesus Name.

Scripture Quotation — In Concert.

Song—Still Triumphant— By Chorus.

Responsive Scripture Reading — Mrs. Susie Carlson.

Prayer—Supt. J. L. Wyatt.

Gloria Patri—By Chorus.

Welcome—Thomas Ketner.

The Victor Song—By Chorus.

Exercise—The Victory — by Dorothy Blakeman's Class.

Song—Room for Messiah— By Men's Quartet.

Musical Reading—Pence in the Easter Garden—Opal Hidden.

Exercise—Open Gates of Easter — Mrs. Millard's Class of girls costumed in colors.

Song—The Bright Easter Day — By Chorus.

Recitation—In His Humility — Miss Ruth Beadles.

Song—Tis Joy Time—Primary Classes.

Primary Exercise—Finding Joy Recitation—What the Bird Said — Eliza Ellen Wright.

Recitation—Legend of the Easter Garden—Margaret Beadles.

Song—Calvary and Victory — Chorus.

Exercise—Jesus Has Risen— Miss Clark's Class of Girls.

Musical Reading—Stars Above His Garden—Marjorie Barton.

Song—Through the Weary Night—By Chorus.

Exercise—Out of the Shadows — Mrs. Alma Wright's Class of Boys.

Exercise—The Flowers Arise— Stella Cunningham's Class of Beginners.

Song—Crown Him King of Glory—By Chorus.

Recitation—Earl Blakeman.

Song—Easter Lilies— Class of Girls.

Short address by Pastor.

The Cross Triumphant—Rev. L. T. Henginger.

Closing Song—Jesus Rose to Reign—By Chorus.

H. C. Osborne of Jacksonville, was a business visitor here Wednesday.

Mrs. C. S. Martin was called to Pearl Monqay by the death of a friend.

Mrs. C. E. Waters entertained at dinner Saturday in honor of her little daughter Mary Ruth's fifth birthday. The guest list included Mr. and Mrs. J. E. Thompson and Mr. and Mrs. Thomas Wilson.

Mr. and Mrs. Carl Tendick and little son Cullen Brice of Muskogee, Okla., spent several days the first of the week with Mrs. Tendick's sisters, Mrs. Fred and Charles Still and families. They were enroute to Springfield where they will reside.

Miss Lulu Coultas was detained from her duties as teacher of the primary room in the public school several days last week by illness and her place was filled by Miss Clara Millard.

Mr. and Mrs. Thomas Wilson spent several days this week with relatives in Jacksonville.

The members of the Ladies' Aid society whose birthdays occur in March and April will be hostess at a social Thursday afternoon in the church basement.

Miss Letha Eilers is spending a number of days with her parents in Chapin. Miss Eilers is a teacher in the Beardstown schools and the flooded condition of the town has made it necessary to close the schools for the time being.

Mrs. S. Lee Smith of Roodhouse spent the day in Jacksonville yesterday shopping and visiting with friends.
